Strike Over 'Short Week' And Salaries?

Police Win Big Increase, But Firemen, Others Less

By FRANK LaPIERRE

Daly City's municipal employes readied for a possible walkout Tuesday following Monday's council action on pay hikes and fringe benefits.

It would be the first such strike of municipal employes to hit any city within San Mateo County.

The new wage scale passed unanimously by the city council provides for a 2½ to 5 per cent across-the-board pay increase, except for police. They received a ten to 12 per cent raise retroactive to July 1.

City Manager Edward Frank had proposed two separate pay scales — one for employes working a 40 hour week and the other for those still working a 37½ hour week.

Some observers saw the double scale as an attempt to switch all city employes over to a 40 hour week and a move by Frank to abolish the "old" 37½ hour work week for all employes.

Union Leader Frank Gillis, business representative for Local 919, State, County and Municipal Employes, called the council's action a regression which showed "contempt and complete disregard for miscellaneous employes of Daly City."

He called a general membership meeting for 5 p.m. Tuesday amidst strong talk of an all-out strike by the 75-man union.

An overflow crowd attending the regular council session at the Civic Center Monday applauded Gillis as he labeled the council "paternalistic" and said "we are not going to take this (matter) lying down."

The veteran union leader accused the council of going backward and not keeping pace with either private industry or other cities of comparable size in the state.

"You have failed to improve benefits which are sorely needed. You have given them (city employes) nothing . . . abso-

Biggest DC Tax Boost In 8 Years

The largest tax rate jump in eight years was unanimously passed by the Daly City council Monday night along with a budget reflecting a million-dollar-plus increase over last year's.

City Manager Edward Frank said the new rate — $1.56 per $100 of assessed valuation—was needed to support the whopping $6,657,470 budget. This was a jump of 25 cents in the tax rate and an increase of $1,050,980 in the over-all budget.

The biggest jump the tax rate took was in 1960 when the council approved a 55-cent tax rate hike to meet operational costs.

Last year the council held the increase to ten cents.

Frank explained higher costs in wage adjustments, retirement costs, increased supply costs, utilities and insurance was responsible for the jump.

He said, "Most of this increase is due to gas tax fund projects which do not affect the property tax rates."

Some $1,260,290 has been projected for street construction within the city, Frank said, noting "last year the city spent only $349,580 on similar projects."

In his council address Frank said Daly City "has one of the lowest bonded indebtedness of any city in California because of the present 'pay as you go' policy.

"Only two cents is reflected in the tax rate for indebtedness, thus aiding in holding the over-all tax rate low in comparison with other cities, even though they may have higher assessed valuation and higher revenues," he said.

Wander Inn Rezoning Is Delayed

Pacifica councilmen postponed a decision on a request to rezone the Wander In property at San Pedro Beach as a "Planned Development" Monday in order to further study the effect planned improvements to the Cabrillo Highway will have upon the site.

Noting that current tentative Division of Highways plans indicate the new freeway improvements will slice away approximately half the 23-acre site, councilmen requested a study meeting with state engineers and developer Kurt Heath before making a decision on the zoning request.

Planning commissioners last month approved Heath's plans for a "hotel-motel convention center, shopping area and up to 800 luxury apartments," and recommended a change in zoning of the site from agricultural and neighborhood commercial to planned development.

Heath stated last night that development of the apartment portion of the project could begin immediately after council

A $2.06 Tax Rate Is Set For Pacifica

A budget calling for a tax rate of $2.06 for each $100 of assessed property valuation was approved Monday by the Pacifica council.

The new tax rate is five cents higher than last year's levy, but considerably less than the figures projected before the legislature approved a redistribution of cigarette tax revenues, City Manager C. W. Masonheimer said.

The total budget for the 1968-69 fiscal year is slightly more than $2 million, and is the largest ever approved in the city.

Included in the budget are a number of capital improvements including renovation of a building for a new police station, and a five per cent pay increase for city employes.

Supervisor Urges 3-County Effort To Court-Test S.F. Commuter Tax

TRAGEDY AT DEVIL'S SLIDE — Pacifica firemen work under floodlights to bring up one of the three people killed when an auto went off the Coast Highway last Sunday morning.

Immediate Mateo Reaction to S.F. Approval of Tax

By VIRGIL WILSON

A court test of the San Francisco's newly enacted commuter tax was demanded Tuesday by Chairman James V. Fitzgerald of the San Mateo County Board of Supervisors.

Fitzgerald said he will contact officials in Marin and Alameda counties in hopes of forming a common front against the levy.

In the event a court challenge should be unsuccessful, the chairman said, he will recommend that the county undertake a campaign to woo business and industry away from San Francisco.

"That would be something they would understand right away," he commented.

Fitzgerald also hinted at the possibility of a retalitory tax against the San Francisco residents who commute in ever-increasing numbers to San Mateo County.

Fitzgerald's proposals were an answer to Monday's action of the San Francisco Board of Supervisors which, over the objections of the city attorney, voted 8 to 3 to impose a one per cent tax on commuters' incomes. The tax, effective January 1, would be deducted from a commuter's salary at his place of business, if it exceeds $4,000 a year.

The split vote came after 45 minutes of discussion, during which the San Francisco city attorney's office predicted that the commute tax would "be held illegal by the courts."

However, should the bill survive a certain legal fight, it is expected to contribute $12.7 million to San Francisco's coffers.

The New Year's effective date was set on the request of Pacific Telephone Company, which will have to revise its payroll procedures. Self-employed individuals and those earning less than $4,000 will be exempt.

In Redwood City yesterday, San Mateo County's District Attorney Keith C. Sorenson reaffirmed an opinion he gave to the county board last March that the commuter tax is illegal in that it violates the "equal protection" clause of the federal Constitution.

Sorenson also told the supervisors at that time that they would have the right to take the matter to court, if need be, on

Route 186 Interchange Is Approved

After several years of deliberation, Pacifica councilmen approved a plan for the Route 186 Freeway interchange at Rockaway Beach Monday.

Final approval was given the "J" line plan for connecting the new east-west freeway with Cabrillo Highway, with the provision that the Division of Highways comply with recommendations of the Pacific Highway Committee.

The council's decision marked the end of a long dispute over whether or not the new interchange would loop through the Ideal Industries Co. property on the West side of Cabrillo Highway.

Though the interchange will slice through the property, Division of Highways spokesmen have indicated operations at Rockaway Quarry will be allowed to continue until construction begins, City Manager C. W. Masonheimer said.

It is expected that quarrying operations at the site can be completed before construction on the interchange begins.

The city's highway committee has recommended that the "loop" on the westerly side of Cabrillo Highway be shifted 50

PICKUP TRUCK SIDESWIPED

3 Pacificans Die—Car Flies Off Devil's Slide

Three Pacifica residents were killed early Sunday when their car flew off of Cabrillo Highway south of Pacifica and plunged down a 500-foot Devil's Slide cliff.

Dead are Jerry Raymond Morrison, 25, a heavy equipment operator, and his wife, Mildred, 32, of 484 Reina Del Mar, and their next door neighbor, Jacqueline Margaret Berardy, 35, of 846 Reina Del Mar.

Sideswipes Truck

They were killed at 2:15 a.m. when a small foreign car driven by Morrison sideswiped a pickup truck, went out of control and shot over the precipice.

Highway Patrolmen Richard Himbarger and Virgil Flack said the truck was driven by Gilbert A. Wetenkamp, 28, of 924 Cedar Street, Montara. Wetenkamp told the officers that he was driving southbound when he saw that the oncoming car was straddling the center line.

Wetenkamp said he drove as close to the edge of the highway as he could get but was unable to get entirely out of the way. The two vehicles grazed and the small sedan was thrown out of control.

Airborne 200 Feet

Coroner's Investigator Dale Hunter said the car was airborne for approximately the first 200 feet of the fall. Mrs. Morrison was apparently thrown through the windshield when the car first struck the rocky face of the cliff at that point, Hunter said. The auto continued on and finally wedged in a rocky crevice about 100 feet above the ocean.

A rescue squad from the Pacifica Fire Department found Miss Berardy about 80 feet from the wreckage.

She, too, had apparently been thrown through the windshield. Morrison was found in the wreckage.

After the two victims had been raised to the highway in baskets and were identified, it was determined that Mrs. Morrison was supposed to have been in the car. Firemen went back down the cliff and finally found Mrs. Morrison s body, about 100 feet above the wreckage, partially covered with dirt.

Mrs. Morrison is survived by a daughter, Sharon, 11, and her parents in Alabama. Morrison is survived by his parents, Mr. and Mrs. Ray Morrison, of San Bruno. Miss Berardy is survived by her parents, Mr. and Mrs. Edward Berardy of 363 San Diego Street, Daly City.

San Bruno's Crime Unit Appointees

Peninsula High School Principal Paul Baldwin of Hillsborough Monday was named chairman of San Bruno's new Crime Prevention Committee.

Five other members of the committee were named by individual members of San Bruno's City Council. They are:

Ed Mettler, employed by the State Narcotics Bureau, by Councilman Niel Crystal;

Harold Dobbins, San Francisco attorney, by Councilman Maurice Hamilton;

Bill Nagel, real estate man, by Mayor George Ingham;

Carolyn Livengood, by Councilman Karney Barberian;

Thomas Siacotos, Burlingame bank officer, by Councilman George Corey.

All of the individual councilmen's appointees are San Bruno residents.

The committee was formed in early July at the urging of Councilman Corey, and it was specified then that the chairman

UNEMPLOYMENT IS CAUSE

'Creeping Poverty' Picture Painted By Rights Leader

Daly City civil rights leader Rev. Howard Bryant painted a picture of creeping poverty throughout this North County City to a group of Rotary Club members and their guests on Thursday.

He blamed unemployment for the condition and left the finishing touches to the gloomy portrait to the imagination of those attending the luncheon. But the scattering of "typical" family incomes in certain poverty target areas of the city outlined by Rev. Bryant indicated the plight of those falling into the needy categories.

As an example, Rev. Bryant pointed out there were some 393 families in Daly City's "target areas" having incomes of less than $2,000 per year. According to a recent census breakdown, the largest group in the target areas were those families in the $6,000-7,999 income bracket (1,274).

Bryant also expressed the hope that "some group will take over responsibility" for the local Information and Referral Center before it is phased out next year.

Dr. Vincent Stratton, assistant superintendent for instruction at the Jefferson Elementary School District, prompted Bryant's reply when he asked what the future of the centers throughout the county were.

"There is a great deal of unemployment in Daly City . . . we (a group of local businessmen) are meeting to study the problem every Thursday," Bryant said.

He blamed educational and skill limitations on the increasing number of unemployed in the area.

Another problem affecting this situation is the absence of an unemployment office in the area "and it's not likely we are going to get one."

Presently, persons desiring information on jobs must go to the nearest State Unemployment Office — in San Francisco. Often, when asked where they reside, the jobseeker is told to report to the San Mateo office, where he is again told to go back to San Francisco.

Requests from Bryant, county officials and local businessmen produced a negative reply from Peter Weinberger, a state official, on an office here.

In a recent letter to the county, Weinberger explained his office had looked into the need for such a center in the North County and decided the area was not eligible.

"Most of these people just can't afford to keep going back and forth between San Francisco and San Mateo unemployment offices," Bryant said.

The shortage of adequate housing for low-income families in Daly City wasn't helping the situation any, according to Bryant.

Mechanic Is Reinstated; Loses Pay

John Rich, South San Francisco School District mechanic fired last May after a dispute with his supervisor over certain maintenance procedures, has been reinstated by the district's Personnel Commission.

The three-member commission, acting on the recommendation of state hearing oficer Jerome P. Herst, Tuesday, fined Rich 60 days pay (some $1,538) and dropped him to a lower position on the employes' rolls.

Rich called the disciplinary action "a slap on the wrist" and a "whitewash job."

"I feel I'm either wrong or right . . . they either get rid of me or they reinstate me. They don't fine drunk drivers as much as they fined me . . . and for what? The commission gave me a slap on the wrist and I still don't understand for what," Rich said after hearing Commission Chairman George G. Chanetti's remarks on the case.

Neither School Dist. Supt. Dr. Paul Neilsen nor employes' union representative Frank Gillis were available for comment on the latest move in the months' long battle between Rich and the district over the dismissal.

The recommendations for Rich's reinstatement had been made by Herst following a series of public hearings into the dismissal.

The long-time mechanic has been employed by the district for the past 2½ years, but several months ago a series of disputes over certain mainteanance practices flared up between him and his mechanics' supervisor, Tom Harrison.

In nis testimony during the hearings, Rich accused Harrison of "retaliatory action" in having him fired because of these differences of opinion.

Harrison also said rich had used the "wrong motor oil" in a new engine. Rich had used 30 weight oil after Harrison told him to use 20 weight, according to testimony.

MISS INDUSTRIAL CITY, Bonnie Fowler, recently presented Dr. Robert O. Holmes, President of the San Mateo County Branch of the American Cancer Society her $75 donation from the pageant committee. The Miss Industrial City pageant committee, now member of the South San Francisco Scholarship Society, also presented El Camino High School with a $100 scholarship, and Capuchino High School a $75 scholarship. Bonnie and her court are now in rehearsals for their fall schedule of appearances at Shriners Hospital for Crippled Children in San Francisco and also Letterman Hospital.

Divorce for Mother of 8

Former topless dancer Gaye Spiegelman, appearing in court in the shortest of miniskirts, was awarded an interlocutory decree of divorce last week by Presiding Superior Judge Frank W. Rose.

Mrs. Spigelman, who was billed as the "Topless Mother of Eight" when she lived in Daly City and performed in San Francisco night clubs, flew here from Las Vegas where she is appearing in a different kind of show. No longer topless, she sings and does a comedy routine. Something in the nature of a shapely phyllis Diller.

Her husband, Aaron, was in the courtroom but did not contest her charges of extreme cruelty. Mrs. Spiegelman said they have not lived together for more than three years.

Spiegelman was awarded custody of their three oldest boys and Mrs. Spiegelman was given custody of the other five children. By mutual agreement each parent will have reasonable visitation rights.

A property settlement agreement was approved in which the wife agreed to sell her interest in three properties to her husband for $15,500 cash. It was also agreed that seven houses and a commercial property will be put on the market and that they will divide the net profits. The same is true of two second deeds of trust. She was given a 1965 model car.

Spiegelman is to pay $75 a month support for each of the children in his wife's custody, a total of $375 a month. In addition he is to pay $150 for the support and maintenance of Mrs. Spiegelman. It was stipulated, however, that if she grosses more than $1,666 in any one month, the next month's alimony will go into a trust fund for the children. If she makes more than $3,333 a month, the child support payment for the ensuing month will go into the trust fund. Judge Rose awarded her attorney, R. Michael Harwood, a $1,000 fee.

North County's Superior Court Is Dedicated

Judge Blum Presiding In South SF

Dignitaries and elected officials from throughout San Mateo County convened in South San Francisco Wednesday to dedicate the North County's first Superior Court branch.

Frank Blum, presiding judge for the new Superior Court Department, was guest of honor at the dedication in the court building on Old Mission Road, and at a luncheon which followed at Brentwood Restaurant.

Among the keynote speakers was Superior Court Presiding Judge Frank Rose, who hailed the opening of the new court branch as "a significant event for South San Francisco and the county's judicial system.

"We envision this event as the first step on the road to establishing a full three-department Superior Court in the North County," Judge Rose said.

He said the Superior Court's North County branch will eventually assume a full load of jury trials and criminal trials as well as civil cases, when the planned expansion is fully realized.

Before the new court was opened, the Superior Court operated only one day each week in the North County "in a matter reminiscent of the old circuit court system."

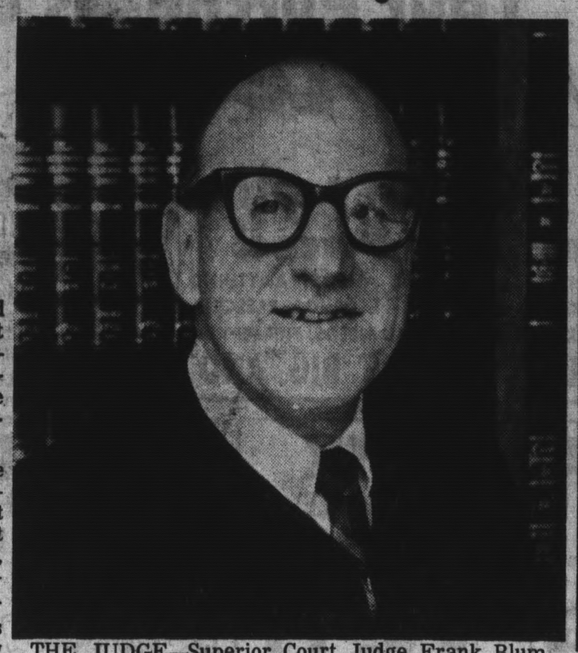
The new "permanent" department represents the result of "more than 15 years' effort" on the part of many people, including the county's judicial officers and state and city officials, Assemblyman Leo Ryan said at the luncheon meeting.

The new court branch was made possible by a legislative measure last year which allowed two new Superior Court judgeships in the county.

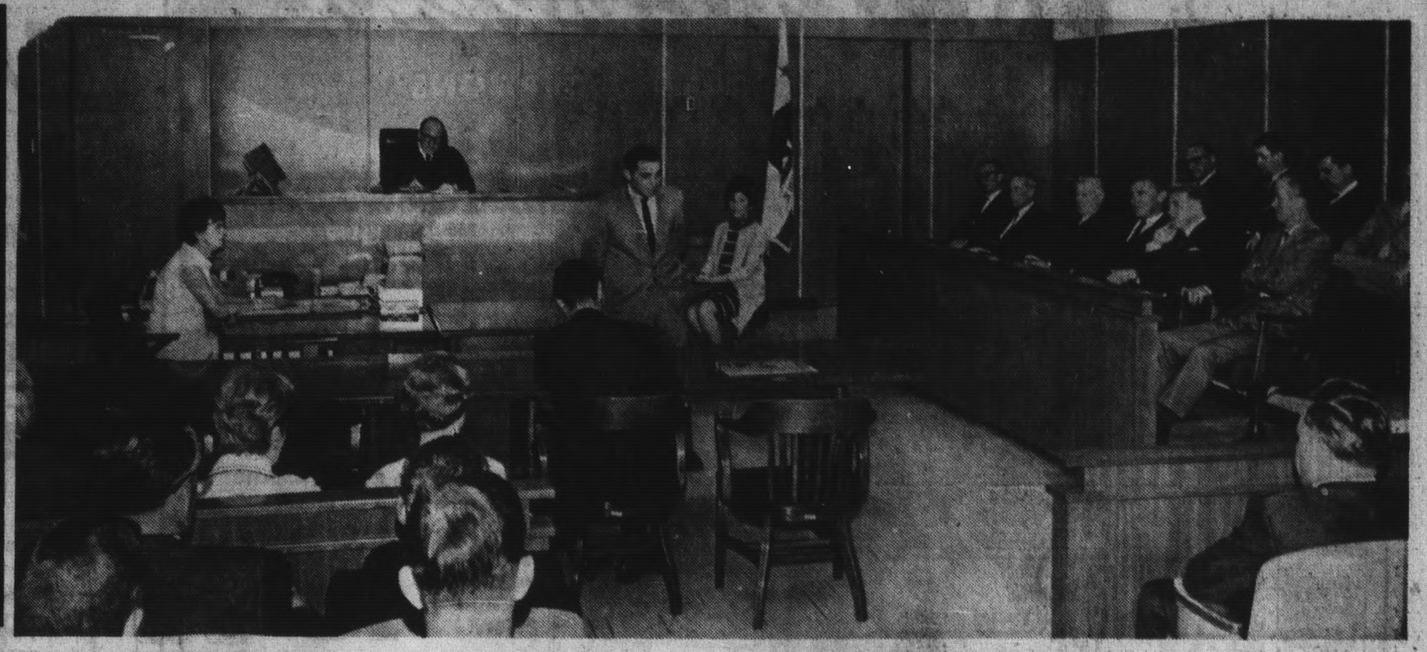
Ryan was one of the sponsors of the assembly bill.

David Friedenberg, former North County Bar Association president, and current NCBA president Xenophon Tragoutsis, presided at the dedication ceremonies.

The program was jointly sponsored by the bar association, the City of South San Francisco and the South San Francisco Chamber of Commerce.



THE JUDGE—Superior Court Judge Frank Blum prepares for court in his new surroundings at the Northern Judicial District Courthouse in South San Francisco.



NEW CHAMBERS—This is the new Superior Court chambers in South San Francisco—the North County's first—which were dedicated Wednesday. The court building is on old Mission Road and the event marked the result of more than 15 years effort to obtain the court. (Post Photo)

Youth Chiefs Are Chosen At Pacifica

Pacifica's teen-agers established a formal organization and elected officers to govern the group's future activities Thursday night, as a spirit of reconciliation between the city's youth and adult factions continued to reign.

Bruce Childers was elected president of the new organization, entitled "Youth of Pacifica," and Monte Post and Frank Childers were named vice presidents.

Linda Lynch is secretary and Lee (Moose) Miller is treasurer.

The new officers, leaders of the dissident youth faction involved in last week's disturbances at Linda Mar Shopping Center, will now lead the city's teen-agers in a number of constructive projects, including the renovation of the Wander Inn Tavern as a youth center, according to Mayor Nick Gust.

Gust, who has emerged as sort of an adult spokesman for the city's teen-agers since the project, and it will be opened shopping center riot, said the youths have worked diligently this week on the Wander Inn shortly to the teen-age population.

Members of the new YOP "executive board" will meet with city councilmen soon to set a date for an "open house" at the center.

In addition to the executive officers, the teen-agers elected a 10-member council to help govern their affairs, and will seek adults from the community to serve on an advisory board.

The officers were elected to "temporary" two-month terms in order to get things started before school starts.

The new officers and council members intend to appoint a number of teen-age committees to work on such projects as dances, membership drives, community relations and building and maintenance of the youth facilities.

President Bruce Childers announced after the meeting that another meeting will be held at his home, 1173 Alicante Drive, on Sunday afternoon, and all the city's youths desiring to work on one of the committees are invited to attend.

The meeting will begin at 3 p.m.

The teen-agers participating in the meeting voted to restrict membership in the new organization to youths between 14 and 22.

Donna Childers presided at the meeting.

Adults in attendance included Mayor Gust and Mr. and Mrs. James McDonald, representatives from the Fairmont Homeowners Association.

McDonald offered the teen-agers the use of the Fairmont recreation building in exchange for their help in preparing a park area surrounding the building.

The youth leaders promised to consider the offer after the Wander Inn project is completed.

CALLING ALL HOMEMAKERS

By DONALD C. WAITE

IT'S A GOOD IDEA TO RE-EXAMINE YOUR FURNITURE

There's a definite need for periodic examination of the furniture in your home.

Very often we are so close to it, and we get so used to that which we use daily and constantly, that we don't notice how ill-looking some of the old pieces may have become.

Many people develop a sentimental or nostalgic attachment to certain pieces of furniture and overlook the fact that their condition or usefulness may not be what they once were.

To keep your home nice-looking and comfortable, it's a smart idea to take a close, objective look at your furniture from time to time in each room of your house.

In the bedroom, you may want to replace your old dresser with one that contains the much-needed drawer space you've always wanted. You may want to change to a king-size or queen-size bed.

Re-examine your dining area. Is it so crowded when used that you find it almost impossible to get around the table to serve your guests?

Are your sofa and chairs as comfortable as you would like them to be? Do any of your rooms have the "cluttered look"?

If your answer is "yes" to any of these questions, you should pay us a visit. We can help you, and we look forward to visiting with you.

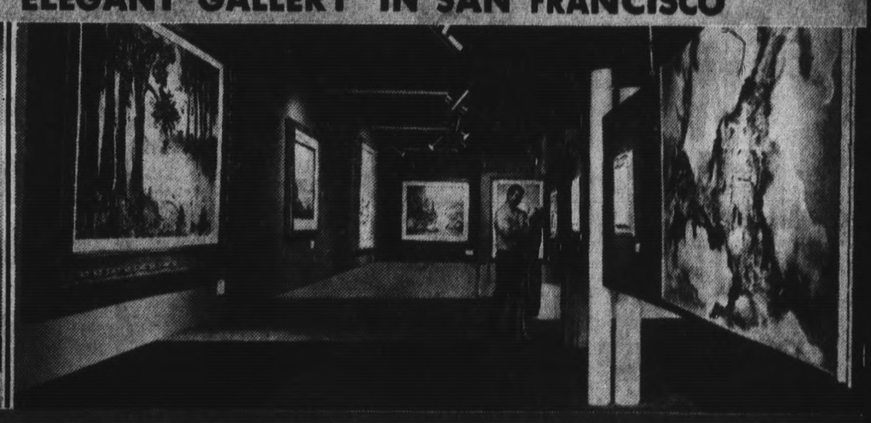
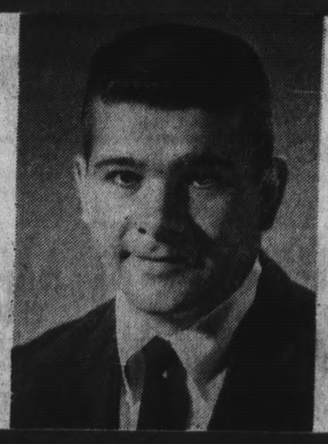
Paul Tapia Galleries

PERHAPS THE MOST ELEGANT GALLERY IN SAN FRANCISCO



PAUL TAPIA announces the opening of his first Gallery in San Francisco



"I feel that the only criterion necessary for purchasing original artwork is your personal opinion. In the final analysis, you have to live with it the rest of your life. Like the diamond, an original oil painting possesses an aura of permanence. The diversified style and technique which I create has proven to be visually pleasing to discerning collectors, shrewd investors, and even casual appreciators."

Paul Tapia

Paul's works are hanging throughout the country in both public and private collections. The main reason Paul Tapia is one of the nation's fastest rising artists is his diversity. From a standpoint of realism, his seascapes, landscapes and still-lifes which are perfectly resolved with tasteful framing have been more than well received. His powerful abstracts, possibly the finest in the nation, are relegated on a premise of formal composition — FINE ART FROM EVERY ASPECT!

Pacifica's Jaycees Attend Meet

The Pacifica Jaycees, along with more than 200 local chapters representing the 27 Districts of the California Jaycees, met for their quarterly board meeting in Grass Valley August 2-4.

District 15, which includes nine Jaycee Locals from San Francisco to Menlo-Atherton, won third place in the California Parade of Districts. This award is presented to the most active and best managed Districts in California. Strong support and enthusiasm among the member chapters is necessary to place high in the Parade of Districts.

The Pacifica Jaycees played their part in the Parade of Districts by winning the Blue Chip Chapter Award for the third consecutive year. To qualify for the Blue Chip Award, a Jaycee Local must meet requirements established nationally by the United States Jaycees. Being a Blue Chip Chapter represents the highest accomplishment in outstanding performance and community leadership by a Jaycee Local. Less than one-third of the nearly three hundred Chapters of the California Jaycees were eligible for the 1967-1968 award. Pacifica was among the three District 15 Chapters that qualified. Among the items of business that were brought before the State Board was a resolution, which the Pacifica Jaycees supported, concerning gun control legislation in California. The California Jaycees voted in favor, by a three to one margin, to "... encourage the California Legislature and Law Enforcement Agencies to strictly enforce the now-existing gun control legislation and not to enact emotional and rushed restrictive legislation depriving the law-abiding citizens of this state to own and possess a firearm for legal purposes."

A measure to support the Philippine-American Dentist Bills, currently before the State Legislature, and a resolution introduced which would require the secret ballot method of voting for California Jaycee State Officers were overwhelmingly defeated.

SSF Lions Installation

South San Francisco Lions Club had its 24th annual installation dinner at Brentwood Lodge recently.

Rev. E. S. "Andy" Anderson, past governor of District 4C4, installed Morris Jacobson, president; Bruce Roudabush, first vice-president; Edward O'Donnell, second vice-president; Ravi Bery, third vice-president; Darrell Thompson, secretary; Vincent Chasten, treasurer; James Fregosi, tailtwister; and Michael Moreno, lion tamer.

Perfect attendance awards were presented by Dr. John O'Donnell to Anthony Di Santo, 16 years; Leslie Davis, 12 years; Kenneth Morris, six years; Bruce Roudabush, five years; and Morris Jacobson, three years.

Daly City Police Use Electronics

Sophisticated electronic equipment has been credited with aiding in the arrest of two burglary suspects following the theft of two-way radios and parts from a parked auto in Daly City last April.

Federal Communication Commission agents and Daly City police had been working on the case, using special radio locating equipment, shortly after the theft of a citizen's band radio from the parked car of Joseph Boswell in the 400 block of San Diego Avenue in April, police said.

The two suspects, identified by police as James M. Saribalis, 19, of 737 Niantic Avenue and Stanley Poff, 19, of 25 Muirwood Drive, both of Daly City, are charged with two counts of burglary and possession of stolen property

Shortly after the radio was reported stolen, the agents stepped in to aid local police when "illegal" radio broadcasts began plaguing the area, a police department spokesman said.

Police arrested Saribalis in June after broadcasts were traced to his home, police said.

At 7:55 a.m. Sunday Daly City police arrested Poff at his Muirwood Drive home and booked him into city jail on the burglary and possession of stolen property charges.

Top Cowboys To Compete For $50,000

America's top cowboys will compete for more than $50,000 in premium money at the Grand National Rodeo, October 25 through November 3, according to George Strathearn, manager of the Cow Palace.

Competitions in five rough — and tumble events — saddle bronc riding, bareback bronc riding, calf roping, steer wrestling and bull riding — are set for the ten-day rodeo.

"The Grand National Rodeo has always proved a real crowd-pleaser for Northern California youngsters and oldsters alike," states Strathearn, "and, again this year, we have the very best cowboys in the world eager for action.

"These cowboys will be competing for one of the largest rodeo purses offered on the North American continent."

Such outstanding 1967 rodeo champions as Larry Mahan (all-around rodeo cowboy and bull riding), Glen Franklin (calf roping), Clyde Vamvoras (bareback bronc riding), Shawn Davis (saddle bronc riding) and Roy Duvall (steer wrestling) are scheduled to compete.

Mahan, 24, is the current leader for the all-around title. Other 1968 event leaders set for the Grand National are Jack Roddy (steer wrestling), Marty Wood (saddle bronc riding) and George Paul (bull riding). Franklin and Vamvoras lead in their respective events again this year.

Added excitement for the Grand National will come from the Horse Show, featuring the World's Championship Jumper Sweepstakes, and the annual livestock exposition, both of which will run simultaneously at the Cow Palace.

Visitor Hurt In San Bruno

A New Jersey woman was injured in a one-car accident in San Bruno at 1:53 p.m. Sunday.

San Bruno police said a car driven by Joyce Marie Solek, 22, of New York, hit the curbs on each side of Angus Avenue, near Second Avenue, and the victim, Marcia Hillary Wolvek, 22, of Ocean Parway, N.J., bounced and struck her head on the windshield.

Watermelon, Hot Dog Eating Events

Despite the ever-present fog, M.P. Brown School has been the scene of many activities this summer, ranging from tournaments to a watermelon eating contest.

The favorite of all activities on the facility, is pong pong as shown by the number of requested daily tournaments. The champion is Greg Bodmer.

To add spice tt the week, M. P. Brown features special events.

Among the favorites has been a hot dog roast rated especially high by Kike Gracia as shown by his ability to eat 10 hot dogs, a playground record.

Another event was a watermelon eating contest in which each child was given a slice of watermelon and the one who ate his fastest was the winner.

The children were divided into three age groups and the winners of each were Matt Ambrose (7 and under) Mike Tolibas (8-11) and Paul Cantwell (12 and over.)

LOUANNE HEATH'S DATEBOOK

JANICE GARRETT, Oceana High School's 1968 Valedictorian, maintained a remarkable 3.999 grade point average during her four years of high school and so it was no surprise to those who know her when she walked away with a staggering list of awards at graduation.

Janice, who hopes to pursue a career in science, received the California Savings and Loan League's "Outstanding Student Award," the Rotary Club of Pacifica scholarship, the Outstanding Science Student Award, the Bank of America Certificate for laboratory sciences, the G.A.A. award for the Outstanding Girl of 1968 and the Daughters of the American Revolution Good Citizenship award.

She says:

"There is much discontent in our society. Our cities are torn by crime. Racial strife has become a dominant theme of our summers. Many of our brightest young people are rejecting our society as tradiinal beliefs and values are everywhere questioned.

Part of the answer is that a large segment of our population is not included in our great material progress. We must make this a country where democracy and free enterprise are not empty words but a country of equal opportunity where ability is the sole determinant of success.

With her remarkable scholastic record, it is hard to conceive that she had time for extra activities. But Janice was a member of the Future Scientists of America Club for four years and was the president of the club during her junior and senior years; she was a member of the California Scholarship Federation for four years and was the CSF president for one term and on another occasion the C.S.F. scholarship committee chairman. For a time she belonged to the Spanish Club and the League of Sharks, the school pep club.

Her interest in sports lead her to participate in the volleyball, softball and basketball teams as well as to play tennis and do some bowling. For four years she was the captain of the volleyball team. She belonged to the G.A.A. the entire time she was at Oceana and she was president of that group for two years.

BECAUSE OF HER ACUTE interest in science the National Science Foundation gave her a grant to to to Humboldt State College and study Oceanography, marine biology and mathematics during the summer of 1967.

Early in her high school career, Janice joined the Speech club and won the Pacifica City championship in the Lion's Club Student Speech Contest in her freshman year. During her senior term she served as the Pacifica city treasurer during the annual Youth in Government Day.

She was her class treasurer and later class vice president as well as being a member of the Inter Club Council for two years. She found time and energy to represent her school in Inter-school sports activities and was a participant in the All League Sports Day last year when Oceana took first place honors. She also took part in the playday programs sponsored by San Francisco State and University of California. Outside of school she skis, on water or snow, swims and takes an interest in the family hobby of raising and showing dalmatians.

★ ★ ★

WHILE PREPARING to enroll in City College next month she has been taking a speed reading course, learning a little more about sewing and formulating some interesting thoughts on the problems of our society.

"Elimination of poverty is not a cure all for our social ills. Many of those rejecting our society are the sons and daughters of the establishment society. We live in a world where people are genmade to feel they are a number in a computer rather than a living and thinking human.

"People have become disenchanted with a society which appears to regard them as unimportant.

"Our success, or failure, to cure these and many other peoples will depend on the enthusiasm and efforts of the people of today. We all have a role as responsible members of this mass society to chose the determinants of our culture with care.

★ ★ ★

IF WE ARE not careful and do not examine what is around, our liberty and Justice for any, except the new rulers, will be lost," Janice concludes.

Scavenger Hunt At Panorama

"Scavangers' were scattered throughout the neighborhood in an effort to win first place in the Scavenger Hunt last week at Panorama School.

Over 25 participants struggled through the obstacle course, finding it difficult to locate such items as a Calso water bottle top, a toy soldier, ane a 1955 Lincoln penny.

However, after a grueling hour and 50 minutes, two teenage girls, Patty Sullivan and Mary Ann Loughran, teamed up to win first place honors.

Brothers Dan and Chris Bross took second place after three long hours. Right behind them were Irsabenda Bowden and Sandra Farr.

Apples and Spanish Stew

Good morning, good cooks.

I think I'll continue my offering of recipes using apples. After all the markets are full of them and why not use the available fruits?

This apple pie is different in that it uses molasses as an ingredient. It gives it a rich spicy flavor that we found most delicious.

APPLE PIE

6 large apples
¾ cup brown sugar
2 tablespoons dark molasses
½ teaspoon salt
½ teaspoon nutmeg
½ teaspoon cinnamon
1 tablespoon butter

Prepare and line a nine-inch pan with crust. Peel and slice the six apples into a mixing bowl. Add the three-fourths cup brown sugar, two tablespoons dark molasses, one-half teaspoon each salt, nutmeg, and cinnamon. Pour into crust and dot with butter. Cover with top crust and cut slits in topping to allow steam to escape. Bake in hot oven (450 degrees) for 15 minutes; reduce heat to moderate (350 degrees) and bake 45 minutes longer.

☆ ☆ ☆

NOW THAT WE HAVE the dessert, how about a very tasty stew for dinner tonight? You start out with the basic stew ingredients and then gussie it up with lots of spices and wine. Interesting?

SPANISH STEW

1 lb. diced stew meat
3 slices bacon diced
1 large onion sliced
1 clove garlic, minced
¼ teaspoon sage
¼ teaspoon marjoram
1 small bay leaf, crushed
½ teaspoon paprika
2 large tomatoes, diced
2 tablespoons vinegar
1 cup bouillon
⅓ cup white wine
1 teaspoon salt
⅓ cup sliced pimiento-stuffed olives
2 tablespoons chopped parsley
4 medium potatoes, cut into quarters

Using a large heavy skillet or Dutch-oven, combine the one-pound stewing beef, three slices diced bacon, one large onion, one clove minced garlic, and cook over moderate heat until beef is browned on all sides. Add the one-fourth teaspoon each sage and marjoram, the crushed bay leaf, one-half teaspoon paprika, two diced tomatoes, two tablespoons vinegar, one cup bouillon, one-third cup white wine, one teaspoon salt; mix well.

Cover and cook over low heat for one hour, stirring occasionally. Add the one-third cup sliced stuffed olives, two tablespoons chopped parsley and the four quartered potatoes; stir. Cover and cook over low heat for about 40 minutes longer, stirring occasionally.

☆ ☆ ☆

Recently I ran across a recipe for spice cake that had been waiting patiently in my cake folder for years. I'm glad I finally got around to testing it, for it's delicious. Rich and dark with molasses and spices.

OLD-FASHIONED SPICE CAKE

2 cups sifted all-purpose flour
2 teaspoons baking powder
½ teaspoon salt
½ teaspoon nutmeg
¼ teaspoon cinnamon
¼ teaspoon ginger
¼ teaspoon cloves
1 cup sugar
½ cup shortening
⅓ cup dark molasses
2 eggs, unbeaten
¾ cup milk

Sift together the two cups flour, two teaspoons baking powder, one-half teaspoon each salt and nutmeg, the one-fourth teaspoons each cinnamon, ginger and cloves. Cream the one-half cup shortening and one cup of sugar together, add the two unbeaten eggs and beat until light and fluffy. Blend in the one-third cup dark molasses. Beat the sifted dry ingredients into the creamed mixture gradually with the three-fourths cup milk. Blend well and pour into greased and floured tube pan. Bake in 350-degree oven for 45 to 50 minutes or until cake springs back when touched lightly.

Cool ten minutes before removing from pan. Place on rack and sift powdered sugar over cake.

☆ ☆ ☆

MY FRIEND Miss Ann Ward, of 1714-34th Avenue in San Francisco passed this following recipe along to me. Ann found it in an old, old cookbook. It was noted that this was a favorite of Queen Victoria. So if you would like to share the royal tastes, give this cabbage recipe a try. I found it delicious.

WINDSOR CABBAGE

5 cups shredded crisp green cabbage
2 tablespoons butter
½ cup table cream
½ teaspoon salt
Black pepper to taste
½ cup grated cheddar cheese

Place the five cups grated cabbage in a skillet. Add the two tablespoons butter, one-half cup cream (I used half and half), one-half teaspoon salt and black pepper to taste. Cover and cook over moderate flame until cabbage is crispy-tender, about seven minutes.

Cover cabbage with the one-half cup grated cheese, replace cover on pan and cook one minute. Turn off heat and allow to stand one minute.

Serve at once, do not stir.

☆ ☆ ☆

MRS. JOHN NORTON of 2243-27th Avenue in San Francisco happens to be my mother-in-law, and a mighty sweet one at that. The other night she served this delicious corn scallop and I grabbed the recipe to share with you good cooks.

CRISP SCALLOPED CORN

2 slightly beaten eggs
½ cup milk
1 teaspoon sugar
1 teaspoon salt
⅛ teaspoon pepper
⅓ cup diced onion
2 slices bread, cubed
1 can-of cream style corn
1 cup crushed rice cereal
3 tablespoons butter

Combine the two slightly beaten eggs with the one-half cup milk. Add the one teaspoon sugar and salt, one-eighth teaspoon pepper, one-third cup diced onion, two slices cubed bread, one can cream style corn and mix well. Pour into greased baking dish 10x6x2-inches. Melt the two tablespoons butter in small skillet, add the cup of crushed cereal and mix. Sprinkle over corn and bake in 350-degree oven for about 45 minutes.

DENTAL HEALTH FACTS

Brush After Meals

Brushing after meals not only helps to remove food particles from which decay acids are formed, but also helps to remove the bacteria that are responsible for producing the acid. So get in the habit of brushing after every meal.

Brush Thoroughly

Even if you brush after every meal, success in preventing decay won't be achieved unless you brush thoroughly. Use a good toothbrush that is in good condition.

Please ask your dentist about proper brushing of teeth.

Dr. Campbell tries to limit his practice to the making of dental plates, partial plates, removable bridges and extraction for same; however, he recommends that you see your dentist at least twice a year in order to help prolong the use of your natural teeth, as dentures are not as efficient as healthy, natural teeth.

Cow Palace Scuttlebutt

STORY BEHIND THE STORY — Lots of scuttlebutt behind the ouster of **Ed Diran** as manager of the Cow Palace in Daly City and the appointment of **George Strathearn** to fill those big, big shoes.

Strathearn is an agricultural-type and some board members felt Diran was concentrating too much on non-agricultural events. Overall the Palace was losing revenue, but not because of Diran, observers feel, rather due to the new Oakland Coliseum. Of course Diran was in the kitchen so they (the Board) had to turn the heat on somewhere. It should be veddy interesting to see how the Palace handles the next Grand National (the last was something of a bomb).

☆ ☆ ☆

SORRY ABOUT THAT — Lots of upset folks in the North County, all telling me "there's nothing wrong with Boulder Creek." All we said (in that column of a week ago) was Daly City mayor **Bud Lycett** was vacationing in Boulder Creek??? and asked: Why doesn't he go to Alviso and spend his time at the beach? One Daly City housefrau explained she felt "more relaxed when she crossed over the line into Colma." You're not alone, madame, there are a LOT of relaxed people in Colma.

☆ ☆ ☆

MARK MY WORDS those folks studying the transit system for the peninsula will come up with a fixed rail BARTD-type system extending from Daly City down to San Bruno (possibly to the airport, but we doubt it).

And on top of all this studying (by WBRTA) everyone is afraid of even WHISPERING the fact that an elevated line would be most economical and THE BEST REVENUE PRODUCER.

When one WBRTA director was briefed on the very successful Chuo Line running ELEVATED for 47 miles between Tokyo and the city (200,000 pop.) of Tachikawa, he quickly brushed it aside with "That's okay for Japan, but this is California." The point is: the Japanese have come up with a fairly quiet high-speed system because of baffles they have erected along the right-of-way. Both freight and passenger trains run on the system (for tracks) and the under-track space is used for parking lots, stations with escalators, attractive stores and similar uses.

IN DEDICATING THE NEW Superior Court in SSF the other day, **Xenophon Tragoutis**, president of the North County Bar Association, told how, in the long age, the court was brought to the people in the frontier towns of the Old West.

"The judges would ride into town on horseback and set up court in a saloon . . .", Tragoutis said before judge **Frank Blum** interrupted him from the bench with "Are you trying to tell me something?"

☆ ☆ ☆

FRIENDS REPORT JAKE and JENNETTE Salvato are alive and well in Glen Ellen (Jack London territory) hiding out in the Michaelangelo Pizzeria. The couple moved out of Daly City with their three children in June. Jack London and pizza? We don't get the connection either.

☆ ☆ ☆

MEANWHILE, BACK AT THE COURTHOUSE — The only telegram of congrats sent to judge Blum on that new court opening was from . . . Colma, Whatsamatter, the telephone system broke down again?

☆ ☆ ☆

RECENTLY RESIGNED City Manager Gene Aiello to a county pot (manager?) He says no. Some say yes. And the guessing game goes on.

☆ ☆ ☆

HOW CUM DEPT. — How cum some lots along Hillside Boulevard in Daly City are clear while others are covered with rubbish? They look worse than those pig yards supervisor Bob St. Clair is moaning about. Speaking of those pigs; its mighty hard to concentrate on your golf game at Cypress when the wind is blowing just right. Wheew!

BEHIND THE IRON CURTAIN — Daly City engineer Art Reschke and family touring East Germany.

COUNTY SHERIFF EARL WHITMORE still enforcing the law in Brisbane while councilmen try to pick another chief. The council huddled on the matter Monday night and should have a new man for the post today.

False Alarms--A Stern Warning

By WILL THOMAS

San Bruno Fire Chief Herb Freitas has issued a stern warning to youngsters signalling false alarms from streetside boxes that the acts no longer will be treated lightly.

Freitas made the statement after disclosing the certification to juvenile court of two 14-year-old boys for involvement in a dozen false alarms over the past two months.

One of the youngsters was caught in the act of pulling an alarm box in the Pacific Heights area at 10:15 p.m. Wednesday. The other boy was apprehended later.

Freitas said firemen had been staking out two boxes — one near the Pacific Heights School; the other near the Pacific Heights shopping center — for about two weeks at certain times of the day.

In the past six months over two dozen false alarms have originated from the two boxes, but fire officials don't think the two youngsters apprehended this week are the sole responsibles.

"There's apparently a gang of them doing it," the chief said.

Freitas added that there's "apparently some misconception in the minds of kids" over the punishment they'll receive if caught turning in a false alarm.

The boy firemen "caught red-handed" wanted to know, Freitas said, if he was going to be "let off with a warning, like some of his friends have been."

The answer from here on out will be an emphatic "No!", Freitas announced.

"In the past," he said, "when the kids were small, we told his parents and the youngster was given a verbal reprimand (and) someway or another every kid thinks he gets once chance at this."

Freitas commented that he thought the mere verbal reprimand of the past was a mistake.

"If this were the prevalent thinking throughout the city," he explained, "we'd have false alarms every hour of the day."

He said the authorities are going to tighten up.

"I might say if the kid can reach the fire alarm box we're going to cite him into juvenile court and put the responsibility on the parents," Freitas said.

"Every time we have to respond to a false alarm, the public and our own personnel and equipment are being endangered," he pointed out.

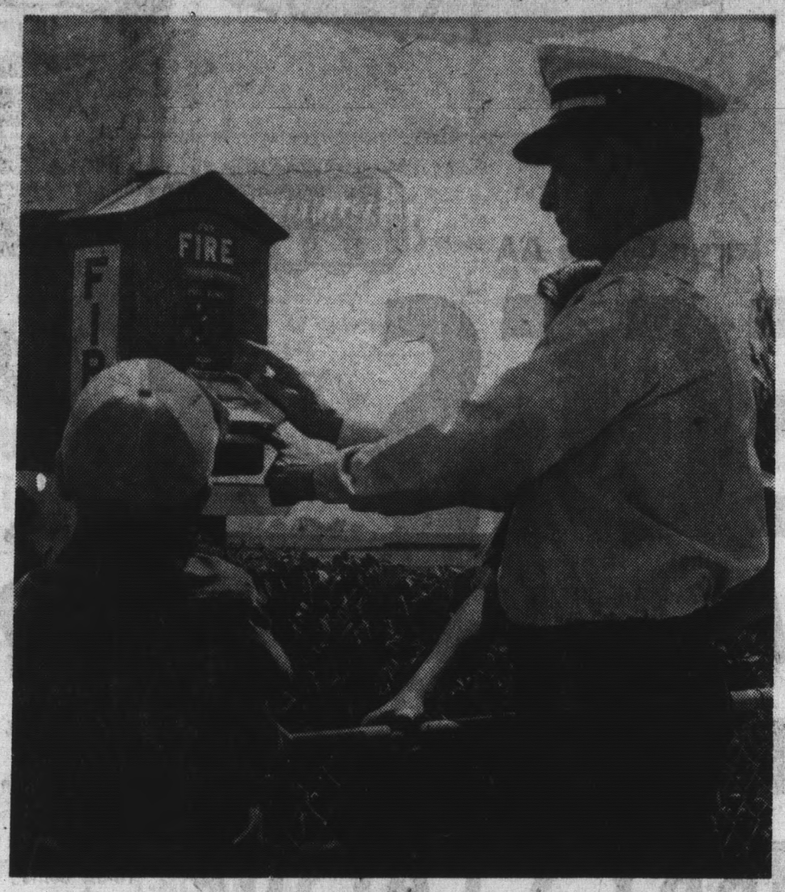
In addition, he explained, the false alarm takes fire forces out of action.

It also costs money every time the firemen have to roll on a false alarm.

Just how much it costs is debatable, Freitas admits.

But in three court cases earlier in the year involving three adults apprehended and convicted in court on charges of turning in false alarms, the responsibles were directed to make restitution to the city of San Bruno in the amount of $200 cash — plus another $50 in court costs.

Freitas added, however, that if the department made 30 false runs without damage to equipment the per-call cost would be considerably less than if during one of the runs a $30,000 piece of fire fighting apparatus was wrecked or damaged.



NATURAL CURIOSITY of boys is taken care of by San Bruno Fire Captain Herman Bolonas by explaining the workings of a fire alarm box to his two sons, Craig, 10, and Richard, 12, (behind his father). Fire department has announced a crackdown on youths who turn in false alarms. (Post Photo)

'Liberals', 'Conservatives'

AN INQUIRY FROM a North County resident reads: "What is a liberal—are they all bad? What is a conservative; why do they always think they are right?"

For answers, let us turn to the works of people who are known by these titles.

Senator Joseph S. Clark of Pennsylvania speaks for the liberals in the numerous articles he has written. In Saturday Review, July 11, 1964, he defines a liberal as one who believes in utilizing the full force of democratic government for the advancement of social, political and economic justice. . . .

"A liberal" he continues, "is a reformer." The liberals of the past were men who did not believe in the status quo—they tried within the environment in which they found themselves, to remold the sorry scheme of things somewhat nearer to the heart's desire," he said.

☆ ☆ ☆

FOR THE CONSERVATIVES, Barry Goldwater writes in his book, "The Conscience of a Conservative" . . . "The conservative looks upon politics as the art of achieving the maximum amount of freedom for individuals that is consistent with the maintenance of social order. The conservative is the first to understand that the practice of freedom requires the establishment of order."

It is apparent from these definitions that the goals of such conservatives and liberals are similar —i.e., the preservation of individual freedom and dignity. Senator Clark writes that the liberals preoccupation is with the worth and dignity of the individual. Senator Goldwater says that throughout history the conservative has sought to protect the separate identity of individual human beings.

The difference lies in how to achieve the goals. "The liberal," writes Senator Clark, "sees no alternative (to socially unaware attitudes that prevailed in the shopkeeper economy of the past) to big government if the welfare of the individual is to be protected in such a world as ours. . . . He sees government as the organized intelligence of the community, anticipating and preventing crisis that, left unresolved demean the human spirit."

☆ ☆ ☆

SENATOR GOLDWATER, on the other hand, sees the government of the United States as limited to the powers delegated to it. "I have little interest in streamlining the government or making it more efficient, for I mean to reduce its size. I do not undertake to promote welfare, for I propose to extend freedom."

Senator Clark writes that a liberal is a pragmatist: "He is quite willing to experiment in the interests of social, economic and political justice."

On the other hand Senator Goldwater writes "The conservative is the first to understand that the practice of freedom requires the establishment of order."

Both senators recognize that in America the difference between conservatives and liberals are as old as the country itself. Both recognize that the fight will go on; both speak of the sincerity of the other; both know it is fallacious to say there is no difference between American liberals and American conservatives.

Woody Allen's 'Troubles'

"All my troubles started last year after I won an Oscar."

The complaint came from Sidney Glazier, producer of the Woody Allen comedy "Take The Money And Run," currently filming in San Francisco and "The Producers" which opened exclusively at The Alexandria, expected to outgross "The Graduate."

"You see, I'd never made a movie before that documentary on Eleanor Roosevelt and found myself an Academy Award winner with no where to go from there."

On the strength of his reputation as an adventurer, and something of a "nut," by his own admission, Mel Brooks (comic gag writer and husband of Anne Bancroft) walked into his office one day, paced up and down with an idea of a producer who purposedly picks a loser show "Springtime for Hitler" so he can claim it a loss and run off with the backer's money.

"I listened for awhile and then said I'd do it. We immediately thought of Zero Mostel for the lead, dickered over whether he'd do it and whether we could afford him, sent him a script which he immediately accepted. It was that simple."

"Now the show is doing smash business everywhere and in the beginning no studio would touch it. Joe Levine finally bought it and it just might be a bigger winner than "The Graduate."

I've heard it before and I believe it. Timing is everything in this business. Nothing is simple. Everything is timing.

☆ ☆ ☆

HOW DOES AN UNKNOWN WALK OFF WITH the industry's top honor? Glazier had been in a number of different lines of work when he took over directorship of the Eleanor Roosevelt Non-Profit Cancer Foundation. He spent a year in assembling select film footage of her private life and was lucky enough to get Archibald MacLeish, who'd written an eulogy of the former First Lady in a national magazine, to write the script.

As for acquiring the enormous comic talents of Zero Mostel, he'd not done well with his film "A Funny Thing Happened on The Way to The Forum," he likes to stay in New York where he paints a lot and there weren't any parts that interested him. So timing dictated that for a small salary and a piece of the action he'd star in "Producers." It appears to be an excellent gamble.

Now Glazier's doing business exclusively with other "nuts," like Brooks ("actually he's more crazy," Glazier contends) and Woody Allen ("He's a crazy genius, I really hate him cause he's so bright," Glazier adds.)

☆ ☆ ☆

"MEL AND I GOT MARRIED, so to speak, with 'Producers.' Next we'll make a film based on two Russian stories about a woman who stuffs her jewels into a chair after the revolution. 'Producers' was my first feature film and the first time Mel has written a script or directed. In our next film, he'll probably act, too."

Since he was so new in the game, I asked his interpretation of his title Executive Producer. He replied, "his only function is to anticipate problems and have the wisdom to handle them when they arise." Up to now, he hasn't had any problems. Maybe he's not all the "nut" he claims to be, nor his partners in comedy, Brooks and Allen.

The Franchising Business

Franchising has become an established American way of business. There are now over 1500 recognized companies whose estimated retail valuation is about $75 billion.

The Better Business Bureaus receive many inquiries regarding franchise offers. While most franchising companies are legitimate, there are companies which are not. To reduce the incidence of loss through franchising deceptions, the National Better Business Bureau gives the following seven areas to be explored before investing in a franchise. They are:

1—Investigate any offer thoroughly before signing a contract. Use all reliable sources of information that are not associated with the franchiser.

2—Check as to whether your territory is fully defined. Is it exclusive and protected? Is it large enough to provide adequate sales potential?

3—Determine whether profit charts and prospects are based on facts or are hypothetical.

4—Check directly with several franchisees in your general area who have been in business long enough to know whether the franchising company fulfills its commitments and the degree of success they have had.

5—Go over the contract carefully. Sign no paper until you see your lawyer, banker or any other source whose primary interest lies with you and not the franchisor. Check with your local Better Business Bureau.

6—Analyze objectively and critically the value of the franchisor's continuing aid and association. How much such a business venture suit you? Will training, record keeping, promotion, good quality of materials be available continuously?

7—Analyze your qualifications for this business venture. Do you qulify for the necessary essentials in energy, health, time, money for operating a franchise business? You cannot be guaranteed success. Could you afford to lose the money if some unforeseen circumstance caused you to lose your entire investment?

The Next Step

In the last decade postal workers have shared seven federal pay increases amounting to an overall raise of about 60 per cent.

Aside from the merit of improving the wage scale, a principal argument has been that increases were essential to betterment of the postal service.

In the same period postal rates have been raised three times, with a result that a letter costs 50 per cent more to mail today than it did in 1958. Each time the public got much the same line as that which President Johnson used in promoting the latest boost, which became effective January 7.

New funds are essential for "faster and more efficient delivery of the mail."

And now Congress has spared the Post Office Department, which alone accounted for nearly a third of all the growth in the federal civilian payroll in the last 12 months, from its order to cut manpower to the levels of June, 1966.

Again the old refrain.

Having faithfully given the Post Office more pay, revenue and immunity from personnel slashes, the public may wonder when the advertised service is coming. Mail is indeed moving more rapidly across the country, thanks largely to greater reliance on airplanes.

But the customers still await the day when letters will again routinely go to the next town in less than two days.

Letters to the Editor

Editor, The Post

I read your August 7 article concerning "out of town Uncle Atha" and his refrigerator rental gimmick.

I'm advised that in Daly City a license is required to do business. Atha has none.

Legit bizmen in Daly City do have. They rent refers. True — they charge a little more. However, they don't have the public housing authority to furnish trucks — on duty or behind the duty. They have to pay employees — they can't throw a buck to a cat who could lose his job if he said no.

One friend of mine quit his job in disgust because his editors would not print some stuff that came out of this can of worms.

Just keep writing those stories about the "good old uncles." I love 'em.

You think anybody cares about the refer rentals? If this is going on — what else is?

ROBERT MANNING,
Daly City.

Assistant Daly City manager David Rowe told The Times he was unable to find any business license issued to Floyd Atha for the rental of refrigerators at Midway Village.

Rowe said "even though it appears Mr. Atha does not have a business license, the city does not intend to take the matter to court" and that no penalties would be leveled against Atha. Editor.

Folk Dancing Class Set For Beginners in D.C.

In times of hurry, worry, trials and trouble, we all need recreation.

Folk dancing is one such recreation, and a class for beginners will be held in the Daly City War Memorial Building on Friday evenings from 8 to 10 with a special session at 7:30 for newcomers.

Cost is 25 cents and regular attendance.

One new member has been away from folk dancing for 15 years and is finding it surprisingly easy to recall the dances she learned years ago.

Another new member of the class is brushing up on teaching technique by observing director Elsie Maclaren who has been teaching beginners in this area for the past 16 years — 11 of them with the Daly City Recreation Department.

A third new member of the class is a man who has been dancing for a year, and finds a need for the basic training.

Every Sunday afternoon there is folk dancing on the lawn at Funston Field, located on Chestnut Street between Buchanan and Laguna from 2 to 5 o'clock. The local beginner class will host the August 18 lawn party. The theme is slow 'n' Easy from A to Z.

August 17, folk dancers will help the Farmer's Market celebrate their 25th anniversary with an afternoon festival. There will be many rare, colorfull authentic costumes.

As soon as the present beginners class develops a suitable repertoire, which should be in another month, they will present an evening of entertainment for Laguna Honda residents who are so appreciative.

Jr. Garden Clubbers Win At the Fair

Several members of Gay Tulips Junior Garden club placed entries in the Junior Horticulture Division in San Mateo Fair and Floral Fiesta.

Winners were: Janet Duncan, second for her Cyclamen plant and third for her Tuberous Begonia; Carmel Columbell, a second on her African Violet and Brinn Lyman, a first for her Haworthia succulent.

Saturday Gay Tulips Junior Gardeners will tour the University of California Gardens in Berkeley with the Daly City Garden Club.

Members are to meet at the War Memorial Community Center in Daly City at 11:30 a.m., taking sack lunch and wearing comfortable shoes.

The junior gardeners are preparing entries and exhibits for the Daly City Garden Club show, September 14 and 15, at the First National Bank, 6600 Mission Street, Daly City.

Admission will be free.

GIFT—Norm Catron, president of the San Mateo Lions Downtown Club, presents Daly City Skylion President Rino Ceccato (center) and Skylion secretary Jim Bergstrom with an attache case to help the new Skylion club "get started." Presentation was at Skylions ladies' night dinner at International Joe's in Daly City, where Dr. Chang Wah Lee, past district governor, Andy Anderson, another past district governor, and Herm Schmidt, current district governor, were present.

Grownup Rules and Values

WELL, IT'S GONE AND HAPPENED AGAIN. Grown-up rules and values have been imposed on kids, and so, two weeks ago, the Little League went to court and emerged with a team of broken-hearted little boys.

As a result, Pacifica's American League All-Stars competed in Petaluma, hoping to win a chance to move up to Seattle competition.

However, the Pacifica unit lost to Petaluma, 3-1, last Thursday.

There are some youngsters in Burlingame, though, who forever will think their team should have gone to Petaluma. It's too bad that, somehow, both teams could not have won.

★ ★ ★

IF YOU DON'T know the background of the mini-bureaucratic mess, here it is, as briefly as we can sum it up:

It began when Burlingame beat San Mateo on July 19, and then moved on to a scheduled game against the Pacifica Nationals.

Before that game, however, a member of the San Mateo team called Pacifica Little League Commissioner Lucky Eldred and informed Eldred that several Burlingame players were ineligible for Little League play because they had also participated simultaneously in another junior league, which is against Little League rules.

A call to Little League headquarters in Williamsport, Pa., confirmed that the boys were ineligible, and so Burlingame was suspended from further tournament play.

San Mateo Little League officials, however, decided to fight the disqualification and brought the matter before Superior Court Judge Frank Rose, claiming that the disqualification was a denial of due process, unpatriotic, and the usual. Surprisingly, the judge agreed and issued a restraining order prohibiting Pacifica from playing against anyone but Burlingame.

The order was signed 15 minutes before a game scheduled to begin in Belmont between the San Mateo team and the Pacifica Nationals. San Mateo arrived expecting to play Pacifica. When appraised of the judge's decision, Eldred had to ask the San Mateo team to leave so that Burlingame could play the Pacifica Nationals, which they did, winning in extra innings, 1-0.

Then National Little League officials hired an attorney for Eldred, and had him proceed to court, where he got a reversal on the decision. The Burlingame team was then disqualified.

Pacifica then went on to beat San Mateo, which led to an all-Pacifica battle for the district championship. The All-Stars won.

Perhaps you could follow the above rendition. We barely could, and we wonder how the kids involved—or the officials or that judge, for that matter—could follow it.

Forgetting the dubious role of boys being shut out from other participation if they compete with Little League, why in hell didn't the adults accept the rule they signed up to play under and wait until next year? They could have kept a lot of immature minds unboggled by adult complexities and maybe have given the kids a chance to do something they so seldom give them any time for . . . make up a game themselves and play it for fun under their own rules. Even baseball season has to end sometime.

It was all a tempest in a thimble.

NO SOONER DID we get off our vitriolic column about lax sports people in the communications media last week, than Oakland's Monte Moore pulled off the all-time classic.

In plugging the upcoming Seals-Oaks old-timers' game at the Coliseum, he mentioned, among the former players who would be performing, Bill Hart, the Oak third baseman of the '40's. Unfortunately, Hart had died the week before.

Of course, it wasn't entirely Moore's fault. We're sure another flack had written it up for him. But as a sports expert, especially in those activities dealing with Oakland, one would think that Moore would be conscientious enough to check up on things like that himself.

★ ★ ★

BASEBALL ODDITIES AND ENDS—This would come under a heading of something like, "Well How Do You Figure That?" During the off season Washington traded pitchers Bob Priddy and Buster Narum and infielder Tim Cullen to Chicago for pitchers Dennis Higgins and Steve Jones, and shortstop Ron Hansen. The key men in the trade were generally considered to be Cullen and Hansen.

So last week the same two clubs swapped again, Cullen for Hansen!

If you're thinking that the deal displays the inconsistencies or fickleness of baseball, it probably doesn't. It almost surely points out the fluidity of baseball, how needs can change not only from season to season, but within seasons.

At the time of the trade, the White Sox had Luie Aparicio back at short (whom they had traded away to Baltimore for Hansen in 1962!), Pete Ward at third, and a lot of nothings at second. They needed Cullen for that spot, no matter what he hit, which was usually about .235. The White Sox had picked up a few hitters in winter trades and felt they could afford to carry a good-field-no-hit man at second.

★ ★ ★

WASHINGTON HAD a slick fielding shortstop named Ed Brinkman who struggled every year to hit .200, and they felt they could use a shortstop probably just as smooth as Brinkman, and who could hit 15-20 homers to go with it.

As the season went along, however, things didn't work out as either team planned.

In Chicago, Pete Ward got hurt and the sluggers procured during the winter were having a struggle outhitting Cullen, who still wasn't hitting. So the White Sox not only could no longer afford to carry good-field-no-hit Tim at second, they also needed a long ball hitting third baseman, and Hansen had played a little of the position in the minors.

Washington was having other infield problems, and besides, hitting was no longer a big problem with them. So Washington welcomed Cullen back.

On the diving board are Jenne Hale, Patti Keefe, Renee Andree and Kathy Morgan. Mark Lobaught stands and Bruce Ramsey sits at pool's edge. In water are Ann Ramsey and Bob Annecston. THE POST'S SPORTS

SO, YOU SEE, it wasn't a lot of stupid, worthless trading, but a lot of calculated gambling, which is what most trades are.

And other oddities: Outside of Juan Marichal, Bobby Bolin's the only winning pitcher on the club, which shows how valuable Marichal is, what the Giants might have done with his complete services last year, and what Giant management can expect in salary negotiations with Juan next year.

As we predicted would happen much earlier in the season, the experienced Giant pitching staff's aggregate ERA is now lower than the green Athletics' combined ERA . . . The Pirates, Astros and Dodgers have all hit fewer HR's than the A's . . . And Detroit and Washington have stolen fewer bases than the Giants.

There, we told you we had some oddities.

★ ★ ★

TAG-END LOCAL NOTES—San Francisco State footballers are doing well in the pro ranks. Elmer Collett, a second-year man who filled in ably for the 49ers' great John Thomas when Thomas severed both knee tendons last year, is still holding the job as offensive guard, and is joined by Jim Patterson, who has been filling in for the retired Walt Rock at offensive tackle. And Giant coach Allie Sherman recently praised Joe Koontz, Bob Toledo's favorite target last year, for his fine receiving at split end.

And we remember when, for years, the only grid alumni the State coaching department could brag about was Floyd Peters.

And we have a report that former Terra Nova track star Lance Harter, who transferred to Denver last year, set eight school cross-country records at Cherry Creek High, was "Most Valuable" track man, and has received an athletic scholarship to Texas Technological College.

It's lucky former TN cross-country and track coach Dennis Lanterman gave it all up for counseling last year, or he might have slashed his wrists over not having Harter for the disappointing '68 Tiger track season.

THE LARGEST AND FINEST PATIO SELECTION IN THE BAY AREA

Commute Tax Court Test Is Demanded

(Continued From Page 1)

behalf of the commuters. He was requested then to be ready to file suit if it became necessary.

The county board received support in March from the San Mateo County Council of Mayors, which voted unanimously to ask that a suit be filed if the tax were adopted.

In a futile effort to head off Monday's action taken by the San Francisco Board of Supervisors, Fitzgerald sent this telegram: "Your good neighbors on the south strongly urge you to unalterably oppose the commuter tax. At a time when we, in the interest of Bay Area problems, should attempt to mold our residents together for the betterment of the Bay Area, consideration of such a tax is extremely retrogressive."

"All commuters who work in San Francisco," Fitzgerald said today, "should protest to their employers and ask them to protest to Mayor Alioto. We want to stop this bill from being signed, either through persuasion or by having it declared illegal.

"But if that doesn't work the next step will be to show businessmen in San Francisco that the business climate there is poor and that the commuter tax and gross income tax on business is definitely discriminatory against them."

Fitzgerald said San Mateo County officials consider business and industry "a great asset to the county" and would not enact a special tax against them.

"It would be my hope," he said, "that the Board of Supervisors and the County Development Association could join in an intensive drive to attract San Francisco business to our county if the tax goes through."

Fitzgerald said it is possible that some of the cities in San Mateo County would want to enact a commuter tax against outside residents who work in their cities as a means of getting back at San Francisco.

"As far as the county is concerned," he said, "we would have to study the possibility of a retaliatory tax and determine whether it would be in the best interests of the county or whether it would be better just to let San Francisco destroy itself in this way and we reap the benefits."

A study made in 1965 indicated that 77,300 San Mateo County residents commuted to San Francisco and 21,500 San Franciscans came into San Mateo County to their jobs.

On Monday, San Francisco's Supervisor John Ertola attacked the measure saying, "It might sound good to vote for this, but it flies in the face of legality."

Supervisor Robert Mendelsohn stated that San Francisco taxpayers are forced to bear the brunt of urban problems for the entire Bay Area. He stated, "Commuters earn their money here and then go home to their pools and martinis in Mill Valley and Millbrae. They leave the urban problems to us."

But Supervisor Leo McCarthy replied that many commuters come from cities — such as Oakland, Richmond and East Palo Alto — which face "the same crushing burdens of taxes and urban problems."

Before the vote, the San Francisco board heard Marin County Supervisor Thomas Storer, who testified against the levy and warned of possible retaliation by surrounding counties. He today urged the Marin County counsel "to explore all legal grounds upon which this ordinance might be attacked." He called for other counties to join in a suit seeking overturning of the tax.

The tax, along with a business tax on the gross receipts of San Francisco firms was proposed by Mayor Joseph L. Alioto as a "partial solution to the property tax burden."

The gross receipts tax is expected to bring in $20 million in new revenue. It is effective October 1.

Strike Over 'Short Week' And Salaries?

(Continued From Page 1)

lutely nothing'" Gillis scolded the council following their action.

Longtime president of the Milk Drivers and Dairyman's Association and Daly City Councilman Edward Dennis was visably upset after listening to Gillis' condemnation of the council.

"I think we have been very fair in this matter, and I hope it doesn't come to that (a strike)," Dennis said.

Mayor Bernard (Bud) Lycett expressed bewilderment on the choice of words used by Gillis.

"What does he mean by 'regression'? I think that's a poor choice of words. I don't know how he can say we showed disregard for employes or our action is regressive," he said.

The mayor summed up his feelings by noting, "I think we've been very fair with our employes."

Outside the meeting hall, scores of disgruntled employes huddled in small groups or walked over to congratulate Gillis on his audience with the council after the meeting.

Any positive talk of a strike was shushed until after Tuesday's general meeting.

But police failed to hide their jubilance over the substantial pay hike they received. For the first time in the history of the city they pulled far ahead of fire department personnel in the pay scale.

"If we could, we'd walk out today," an off-duty fireman told The Post.

(Both police and fire personnel are forbidden by local law to walk off the job).

There are presently some 35 employes still working a 37½ hour week. Frank wants to convert these positions over to 40 hours and has given employes until September 1 to make up their minds.

If the "short week" employes wish to work the added hours they will receive a 5 per cent pay hike retroactive to July 1, otherwise they will stay on the 2½ per cent pay hike scale.

Gillis noted that "while there is talk all around us for a shorter work week the (Daly City) council has increased the hours."

In other action, the council approved a waiver for city employes which would allow them to move out of the city for medical reasons. The measure went back to the Personnel Board for specific rules and stipulations.

Wander Inn Rezoning Is Delayed

(Continued From Page 1)

approval, with actual construction to begin within nine months.

Work could begin on other aspects of the project within 15 months, he said.

Both the developer and City Manager C. W. Masonheimer said Division of Highways spokesmen have indicated their plans for improvement of Cabrillo Highway are very flexible at this point, and some allowances can be made for the development.

However, members of the council expressed fears the road improvements would take away the area of the site designated for the convention center and leave the city with only an apartment development on the beach.

Councilwoman Grace McCarthy, long an advocate of "commercial recreation" development of Pacifica's beaches, said the convention center "is so important we don't want to make a mistake," and urged the delay in a decision on the matter.

Heath's plans call for a convention center with a capacity of 200 to 400 persons. Small operations of this size are urgently needed in San Mateo County and the Bay Area, he said, because San Francisco's convention center will not accept the smaller groups.

"The Bay Area loses about 600 conventions each year because of the standards on size set by San Francisco," Heath said.

The plans presented provide for public access to a stretch of beach front adjacent to the development. This strip will be dedicated to the city upon completion of the project, Heath said, and public parking will be provided.

Councilmen continued the zoning request on the agenda until their August 26 meeting.

'J' Plan Approved For New Freeway

feet to the left of the location designated on the Division of Highways' plans.

The committee has also called for construction of a frontage road on the west side of the highway from Fairway Park to Rockaway Beach.

The vote to approve the "J" alignment was 4 to 1, with Councilwoman Grace McCarthy opposing.

Mrs. McCarthy said she felt a Linda Mar interchange should be again considered "since this route will be located so close to residential areas."

She said she voted to approve the "I" line (an earlier version of the "J" line), because it avoided residential areas.

"With the recent modifications, the route no longer has this advantage," Mrs. McCarthy said.

San Bruno Crime Unit Appointees

(Continued From Page 1)

of the unit would be an out-of-town resident.

Baldwin, a University of California graduate, is a former principal of San Bruno's Capuchino High School, and now is chief of the San Mateo School District's continuation school. His selection was the choice of the entire council.

The council, in setting up the committee, stipulated that the citizens' group shall report its findings and recommendations within 90 days — that period to commence Monday, the date of the council's latest meeting when the chairman and members of the committee were announced.

The committee's functions will include hearings, studies, findings and recommendations on these four specific items:

— Law enforcement personnel;

— Necessary local legislation for proper law enforcement;

—Law enforcement equipment;

— Public responsibility in aiding law enforcement.

It also was specified that the committee would hold public hearings in at least three different sections of the city.

SSF Denies Food Store Use Permit

South San Francisco planning commissioners voted Monday to deny a use permit application to allow a service station and food market at the corner of Callan Boulevard and King Drive in the Westborough Planned Community.

City Planner Daniel Pass had earlier recommended denial of the permit, requested by Caesar-Callan Homes, Inc., on grounds the planned community "manifests no clear and present need" for the proposed service station.

Pass and other planning officials stated they had no objections to the food market portion of the proposed development, but the applicants "expressed no willingness to delete the service station."

New Retirement Law for D.C.

A new retirement law went on the books in Daly City Monday night, to the chagrin of some employees.

What upsets some persons affected by the new ruling is the mandatory retirement of all those persons (men and women) at age 65 unless they do not have 20 years' service. In this case, they will be allowed to work until they reach a maximum age of 70.

During this period, if they fill out the 20 years of service they will be forced to retire. At any rate, all must leave their posts at age 70, according to the new law.

DC Continues Plan Hearing

A public hearing on the proposed Daly City General Plan was continued until Monday, August 19 by the city council.

Several amendments to the initial plan being drawn up by Livingston & Blayney, general planning consultants, has necessitated the need for additional public hearings on the matter, according to mayor Bernard (Bud) Lycett.

Special Factors Influenced Survey

Statistics on juvenile drug use in San Mateo County would not necessarily apply in other counties, Mrs. Lillian Blackford told the County Narcotic Advisory Committee last week.

Mrs. Blackford, head of the research and statistics section of the County Department of Public Health and Welfare, submitted the results of a poll of 18,774 high school students to the committee. More than 76 per cent of those who filled out questionnaires, she said, reported using tobacco, alcohol, marijuana, LSD or amphetamines at least once during the past year. (South San Francisco and Jefferson high schools did not take part in the survey.)

The committee, appointed by the County Board of Supervisors at the request of the County Juvenile Justice Commission, is attempting to formulate a series of recommendations for treating the juvenile drug use problem.

"Other areas which do not have the same characteristics as San Mateo County should be cautioned about generalizing these figures to their own teen-agers," Mrs. Blackford told the committee in submitting the report. "San Mateo young people are exposed to a number of factors, each of which increases the probability of their use of tobacco, alcohol, marijuana, LSD and amphetamines.

"The extremely high level of family income makes money more generally available to young people. The lack of public transportation makes it almost necessary for teen-agers to have an automobile at their disposal, and in many cases, particularly the young men, have the exclusive possession of a car. This allows for much greater mobility and independence. of action than is possible in many other less affluent areas.

"There is a real need for productive jobs for teen-agers, either paid, or as a helpful contribution of service to their families. Such jobs are hard to find in an area specializing in skilled technical and professional employment, and in modern, fully equipped houses set in small landscaped lots. The less affluent teen-agers must feel financial differences very keenly and attempt to find some way of achieving status without the background of a sports car of his own, and a house with a swimming pool.

"In addition, we have a problem in our propinquity to an area in which there is an established culture of young people with whom drugs are an accepted part of life and extremely accessible. This makes marijuana and LSD very available to our young people. A more isolated area, further from such a source, would have a much lower incidence of drug usage.

"Also, the sources of entertainment provided in the county do not seem to be able to compete with the San Francisco ballrooms, such as the Fillmore West, which provide a constant series of the newest and most popular bands."

Burglars Take Blank Checks

Burglars stole a check writing machine, blank company checks and some $85 in cash after forcing their way into the Melody Rambler office early Thursday in San Bruno.

Police said those responsible broke a hole in a rear door window and unlocked the door between 2 and 8 a.m.

Temple Judea Registration

Temple Judea announced that registration for its Religious School (on Sundays) and Hebrew School (on weekdays) must be completed by August 19.

Parents planning to join the congregation should apply for membership immediately since all new students must be registered. Children in Grades Four through Eight are eligible for Hebrew School and Bar and Bas Mitzvah training.

Applications may be obtained by writing to Temple Judea, 625 Brotherhood Way, San Francisco or by telephoning the office.

CLAIMS

In 1915, the federal government stopped paying claims for damages caused by the Union Army in the Civil War.

Spindrift Group Sets Fall Play

"Arsenic and Old Lace," by Joseph Keselring, is scheduled to be The Pacifica Spindrift Players fall production.

Try-outs will be held at Oddstad Center off Crespi Drive, Linda Mar District, Pacifica, August 21, August 25, and August 28, at 7:30 p.m.

The cast requires 11 men and three women.

Bandit Flees In Old Car

An armed gunman held up the Starlite Supermarket at 8312 Mission Street, Daly City, shortly after 9:15 p.m. Thursday and fled in a battered white station wagon after grabbing an undetermined amount of cash from a clerk.

Police said the man was armed with a chrome-plated automatic. While the gunman entered the store, an accomplice waited near the front entrance where the escape car was parked.

Both men jumped into the car and sped off toward San Francisco after the holdup, police said.

Now Adults Troublesome At Pacifica

Pacifica Mayor Nick Gust found it necessary to summon police to control a crowd of property owners attending a public hearing on the city's new sewer services charges Wednesday night.

About 150 residents attended the meeting in the council chambers, called to consider the accuracy of a report on assessments to be levied for the new sewer system. The meeting was interrupted when a handfull of vocal dissenters insisted upon bringing up the controversial "enabling ordinance" adopted last month to finance the planned expansions.

The ordinance gives the city the power to charge a "flat rate" user's fee for the sewer service, and provides several means of collecting the fee.

The report under consideration this week will be submitted to the county tax assessor, and the city's property owners will be billed for the sewer service fee along with their property taxes.

Only two of the 150 persons attending this week's meeting had "legitimate complaints" over their assessments, City Manager C. W. Masonheimer said.

"The rest apparently showed up in an attempt to revise a dead issue."

The crowd was quickly subdued Wednesday when a uniformed policeman entered the council chambers, and the meeting was adjourned at 10 p.m., following adoption of the corrected sewer service charge report.

Mayor's Trial October 28

Trial of Dale E. With, former mayor of Brisbane, on eight felony counts alleging conflict of interest, was scheduled yesterday for October 28.

With pleaded not guilty to the charges contained in an amended indictment filed with Superior Judge Melvin E. Cohn by Deputy District Attorney William Lanam. They allege that With's trucking company did business with the city while he was serving on the city council.

The new indictment replaces an earlier true bill that was dismissed by Judge Cohn for lack of specificity.

Trustees Plan Sessions On Many Topics

There are a lot of things to do with Jefferson High School District education — from philosophy to buildings and grounds inspection — that trustees want to sit down and talk about, over and above the usual business that they necessarily must act on.

Figuring high on a long list of items will be those that might affect taxation in the district.

Superintendent Edward Morgan has come up with a tentative agenda of proposed topics that range from philosophy, purchasing procedures and future construction programs to personnel, class sizes, school taxation, the Negotiating Council and special programs.

Under the "purchasing procedures" heading, the board might consider how vendors are selected, uniformity and work of a purchasing agent.

Future construction programs: the proposed county-district facility, a swimming pool for Westmoor, Terra Nova and Oceana's additional units, rearrangement of ocrrent student attendance boundaries.

Personnel: How does the district hire certificated and classified individuals; student problems, grades, units for graduation; procedures used in following up complaints, and the methods used in reporting back to the board.

Salaries of personnel also stand to be discussed under the "personnel" category.

A number of miscellaneous items likely will be scheduled for review, including:

Special programs and their costs; class sizes, the joint use of facilities by the city and-or other governmental agencies, the system of school taxation, 12-month operation of schools, special recognition of outstanding work by certificated and classified personnel, an annual report to citizens and the Negotiating Council.

Two Women On Probation

Two North County women have been sentenced to probation after being convicted of charges of welfare fraud.

Mrs. Amelita Melanson, 225 Hillcrst Drive, Daly City, was placed on probation for six months and ordered to make restitution of $325. The defendnat pleaded guilty to a charge that she failed to report that two of her minor children for whom she was receiving welfare assistance were living with a relative and were not being supported by her.

Mrs. Dorothy Marie Lipford, 21, of 130 Sierra Point Road, Brisbane, was sentenced to probation for three years and ordered to repay the county $328 as well as make restitution for the cost of her court-appointed attorney.

Mrs. Lipford, who has received aid for herself and baby based on her husband's supposed absence from the home, was convicted of failure to report to the welfare department that her husband was living at home and was employed.

Hurry, Company Is Told

Workmen on the scene of a long-delayed flood control project in San Bruno were given the signal yesterday to get to work in earnest.

The McGuire and Hester Company of Oakland, anticipating that it would be awarded the construction contract, brought equipment to the site early and even started some preliminary work.

The contract was awarded by the County Board of Supervisors Thursday and an agreement with San Francisco, covering the part of the project that will take place on the International Airport property, was approved.

"This will allow the work to get under way immediately," County Engineer Don S. Wilson told the board, "and hopefully we will have flood protection in that area this fall."

The bulk of the work will be improvement to Belle Air Canal, construction of two pumping stations, and drainage improvements at the airport.

The McGuire and Hester bid, lowest of four submitted, was for $871,446.

The agreement with San Francisco calls for the contribution of $410,000 to the project the total cost of which has been estimated at $1.2 million. The remainder of the financing is being provided by the city of San Bruno, $700,000 of it a loan to the flood control district, to be repaid interest free over a 20-year period.

Woman Burned In Kitchen Fire At San Bruno

A San Bruno housewife suffered first and second degree burns of her hands and face Sunday when her kitchen caught fire and became engulfed in flames.

San Bruno firemen said the blaze started at 7:21 p.m. in Mrs. Harry Morgan's kitchen at 766 Walnut Avenue, causing an estimated $1,500 damage.

Contents and walls were burned and there was smoke damage throughout, even though the blaze itself was confined to the kitchen.

The area was "fully involved" when firemen arrived after being called by a neighbor, Linda Davis.

A fireman, Richard Rosales, injured an ankle while fighting the fire.

Cause has not yet been determined.

In another fire the office of Littleman's Market — condemned and vacant because it is in the path of a new freeway — was damaged at 9:55 p.m. Sunday.

A San Bruno fire department spokesman said the blaze was set intentionally — possibly by juveniles — inside the office, located at the top of the building.

The department used its new snorkle unit for the first time.

Minority Groups Hired at Airport

There are 1,116 more minority group people employed in the airlines industry around San Francisco International Airport today, than there were in 1966.

The new employes are largely working for United, Western, Pan Am, and American, the four larger airlines with maintenance facilities or headquarters here.

That's the report San Francisco's Human Rights Commission heard Thursday from Herman Bossano, staffer who directed the job search.

Aides commented that the 1,116 jobs were not "created" for minority group employes, but are jobs that would have been filled anyway. Neither can the Human Resources Commission claim that none of the jobs would have gone to minority people without Commission efforts.

Jack Casford, spokesman for the Commission, said United Air Lines had been a leader in fair employment practices for years.

He said Pan American, American and Western had also been among the front-runners in seeking out minority group employes in the past few years.

Airlines spokesmen said Bossano's efforts, as well as those of Mayor Alioto, had been equally effective in creating the new trend in employment.

Bossano reported that in addition to the 1,116 Bay Area jobs, ranging from employment representatives to airplane cleaners, there are 873 new jobs, filled by minority group people, in other areas of the country.

He said the local new job holders include 402 Negroes, 325 Mexican-Americans, and 147 "hard-core" jobless.

Bossano said United had hired more than 600 of the new job holders, mostly into its huge maintenance base, which employs 7,500 people at San Francisco International.

Other airlines credited with making special effort included TWA, which operated a "cadet program," and National which "has found a few jobs" here although its major centers of employment are in Los Angeles and Miami.

He retired after 27 years with Borden's. He was a member of the Teamsters' Union, San Francisco.

Survivors include his widow, Lillian; a son, John E. Jr., Foster City; three daughters, Mrs. John Simms, San Jose, Mrs. Jerry Peraza, South San Francisco, and Mrs. James Chappell, San Bruno; four brothers, Ralph, Harold, Eugene, and David, Columbus, Ohio; two sisters, Mrs. Wilbur Metzger, and Mrs. Louis Schomacher, Columbus, and 10 grandchildren.

More Money, Fewer People

A drop in total attendance at the 1968 San Mateo County Fair and Floral Fiesta was reported today by Sal Millan, general manager of the Fair Association.

"Attendance was down about 22,000 from last year's record 169,000," Millan stated. "However, the receipts went up from $93,000 to $98,000 because of the higher admission price and greater per capita spending."

He said outdoor entertainment was in a slump throughout the state. "Cal Expo and the Alameda and Sonoma Fairs all experienced a decline in attendance," Millan pointed out.

"We had a beautiful opening and then three days of rough weather. And there is competition in the area."

Millan said he was "pleased with the attendance," and that he expects a "swing upward next year."

"We learned a great deal this year including utilization of talent and how to overcome some of the mechanical difficulties."

Anti-War Group Still Determined To Obtain Vote

What had been intended to be a concession of defeat in the face of a recent action by the San Mateo County Board of Supervisors has turned into a renewed declaration of anti-war by most of the members of the San Mateo County Citizens' Committee, a group opposed to the war in Vietnam.

At a press conference on Friday at San Mateo's Woodlake Spa, committee members had prepared a statement to the effect that, since the Board had advised them that they would not be able to place the question on the ballot in November, they had decided that they could not continue their drive for signatures.

However, under questioning by several reporters and citizens most of the committee members changed their minds and determind to keep driving for signatures. They have about 11,000 to date.

Gregory Sims, a College of San Mateo professor and a recent candidate for Congress, said that, "We feel the committee has done all it could. But we see no reason why we can't ask the staffs of the two Congressional candidates (Democrat Urban Whitaker and Republican Paul McCloskey) to help us in getting this measure on the ballot."

He added that, "They have resources we don't have. We have about one month to get the signatures."

Using this method, the anti-war group can bypass the supervisors.

According to Sims, his group needs a minimum of about 20,000 signings by September 3. He noted that 25,000 signatures might be more sure of being accepted by the county clerk.

It was emphasized by several of the committee members who are bowing out of the official effort that the board acted in bad faith with them on this matter.

Mrs. Barbara Bernie, the prime mover in attempting to get the issue on the ballot, said that, "Supervisor St. Clair (Robert) told me privately that the people should not be allowed to vote on a military matter. He said he agreed with Governor Reagan on the matter."

She and other committee members inimated that pressure from the board had influenced the decision of Dist. Atty. Keith Sorenson who had previously advised the committee's legal counsel to press on with the measure.

"What the board has done, in effect," explained Mrs. Bernie, "they have turned us into the streets."

Sorenson told the committee on Tuesday that the county could not legally spend the money to put the question on the November ballot.

Sims said that, "The board and County Mgr. Robert Stallings used this as a dodge to keep it off the ballot."

'War' Vote Rejected By Supervisors

County supervisors refused Wednesday, on the advice of District Attorney Keith C. Sorenson, to place a referendum on the Vietnam war on the November 5 general election ballot.

Sorenson said the request, which had the backing of Congressman Paul N McCloskey Jr., was beyond the authority of the board to grant and would constitute an illegal expenditure of public funds.

The request that the people of San Mateo County be allowed to express their opinion at the ballot box on the nation's war policies was made by a group called the San Mateo County Citizen's Committee, headed by Mrs. Barbara S. Bernie of Hillsborough.

Some 30 members of the committee appeared before the board yesterday, most of them prepared to speak on behalf of the request. Sorenson's opinion was delivered at the outset, however, and no one was allowed to speak except attorney Luther M. Carr, acting as counsel for the committee. Carr disagreed with Sorenson's interpretation of the law but did not challenge the wisdom of the board's decision to abide by the district attorney's advice.

Carr and Sorenson discussed the possibility of a cooperative lawsuit to test the opinion in court. The idea was rejected, however, when they agreed that the court could not compel the supervisors to do anything more than exercise their discretion, which had already been done.

Carr and Mrs. Bernie agreed that the only remaining recourse for the committee is to intensify its drive to get enough signatures on an initiative petition to qualify the measure for the ballot. Mrs. Bernie said as of yesterday she had about 4,000 signatures in hand, compared with the more than 20,000 that would be required. She said hundreds of petitions were still in circulation, however, and she had no idea how many additional signatures have been obtained. Mrs. Bernie asked circulators to return the signed petitions to her by August 15 so they can be processed before the county clerk's deadline of September 3.

Sorenson said his opinion about the illegality of the ballot measure applies to the initiative campaign as well. He told reporters, however, that he would not take it upon himself to challenge the ballot proposition if it were qualified through the initiative process.

McCloskey, a Vietnam "dove," sent a letter to the board endorsing the initiative.

"It is true," he wrote, "that the action of San Mateo County voters would be little more than an expression of the will of the people. Nevertheless, it is just this type of expression of will at the ballot box which is most effective in guiding the nation's leaders in their formulation of national policy."

Among those prepared to speak yesterday and denied the opportunity was Urban Whitaker, McCloskey's opponent in the November election. He distributed copies of a prepared statement supporting the committee's request.

Mrs. Bernie, anticipating the board's action, handed out copies of a press release announcing intensification of the petition drive. She said petitions may be obtained or signed at various churches or the San Mateo Peace Center, Woodlake Spa.

Quizzing For Manager's Job To Start

Oral examinations for 15 qualifiers in the competition for county manager are scheduled for Wednesday and Thursday.

The examinations will be given by a blue ribbon interview board appointed by the County Civil Service office.

From this group, the top three finishers will be referred to the County Board of Supervisors, which will interview them Friday.

The board's choice of the person who will succeed County Manager E. R. Stallings is scheduled to be announced September 3. Appointment of the new manager at that time will give him four months to get his affairs in order before taking over the new job January 2.

Stallings, who has been county manager here since 1950 and who has more than 30 years of public service, is retiring at the end of the year.

Forty-five candidates from all sections of the United States took the written examination for the position, according to Richard T. Kennedy, county personnel director. The 15 scheduled for the orals next week are the top finishers in that group.

Although the Civil Service office is handling the recruitment, the position is non-civil service. The appointee serves at the pleasure of the Board of Supervisors.

45 Windows Damaged at D.C.

A widespread rash of BB shot damage in Daly City is plaguing merchants, home and car owners and the police.

Though they're certain all the reports of vandalism haven't been received, police said that 45 cases of BB gun damage to windows have been reported to them since Tuesday afternoon.

The heaviest damage was reported yesterday, primarily from the Westlake and Mission Street business sectors of the community.

Damage to six businesses in the Westlake Shopping Center was reported at 1:38 a.m. today, where holes were found in windows at Walgreens, Grants, J.C. Penney, The Fashion, Westlake Insurance and Westlake Liquors.

At 3:25 a.m. evidence of heavy BB activity on Mission Street was reported, starting with Harry's Market at 6524 Mission and ending at the New Gateway Chevrolet at 7400 Mission.

In between were 16 businesses whose windows were damaged.

They were the First National Bank, Foreign Car Center, Information & Referral Center, Irvine & Jachens, W. J. Sweeney & Sons, H & R Block Co., Himm's Barber Shop, Adams Buick, Westlake Maple Shop, L&M Auto Parts, Lagomarsino & Co., B & P Auto Body, Food Centerama, Ferretti Bros. George, Colma Hardware and Daly City Hi-Fi.

Shortly after 11:30 p.m. Wednesday a homeowner at 756 North Mayfair reported damage to his residence windows.

At 12:30 a.m. Robert Hansen of 1210 Southgate in Westlake reported BB damage and a half-hour later Joe's of Westlake also told of pellet damage.

The outbreak apparently started sometime Tuesday night, with cars the targets then.

A Hillside Boulevard resident reported damage to three of his car's windows.

This was followed up by reports of seven other car window damage cases.

Between 4 p.m. and nearly midnight Tuesday four other homeowners reported damage to their wondows.

Though perhaps unrelated to most of the vandalism, on Tuesday two juveniles were reprimanded by police after a resident complained he had been shot in the neck with a pellet.

Last night, two teen-agers were apprehended and reprimanded for assertedly shooting BB guns out the rear of a residence. Their guns were confiscated at 6:23 p.m.

Westside Baptist Church To Have a Guest Pastor

Sunday at the Westside Baptist Church, Inverness Drive and Hickey Boulevard (Fairmont) Pacifica, at the 11 a.m. worship hour the Rev. LeRoy Gager, Evangelist and Prophetic Lecturer from Seattle, Wash., will be the pulpit guest.

Reverend Gager is a graduate of Wheaton College, Wheaton, Ill., and has his master's degree from Seattle Pacific College, Seattle.

From 1955-1962 he was the President of the Vancouver Bible Institute, Vancouver, B.C. Canada. This is the only Bible College under the auspices of the Baptist General Conference.

Special music for this service will be provided by Alton Swedberg, bariton soloist. During the adult worship hour, primary church is conducted for boys and girls four through seven years of age. A nursery is also provided for babies and toddlers.

At the 7 p.m. Family Fellowship Gospel Hour, Reverend Gager will speake again. Special music for this service will be by a Youth Ensemble. In the absence of Pastor A. David Donnelly, who is vacationing, Bill DoLung, vice chairman of the church will be in charge of the service.

Three CYF groups meet at the 6:15 p.m. hour, Jet Cadets for Junior age boys and girls; Junior High and Senior High CYF.

Wednesday at 7:30 p.m., prayer and Bible study hour will be held at the James Pollock home, 2440 Bantry Lane, South San Francisco. The Bible study is in charge of the Deacons.

Men's Prayer Fellowship will meet Saturday at 8 a.m., at the church parsonage, 3370 Longview Drive, San Bruno.

Westside Baptist Church is affiliated with the Baptist General Conference. The church hold its Sunday services at the San Andreas School, Inverness Drive and Hickey Boulevard, Pacifica.

'Ultimatums' Issued By City, County

The controversy over South San Francisco's Westborough Boulevard extension took on new dimensions this week, with both the city and county issuing "ultimatums' on the project.

The Board of Supervisors Tuesday instructed County Engineer Don Wilson to notify South San Francisco officials the "absolute deadline for agreement on the project" is November 4.

If an agreement is not reached by the deadline date, money reserved for the county's portion of the project will be spent for other purposes, board members said.

South San Francisco Mayor Frank Bertucelli said at a Monday meeting that the city will not "under any circumstances" accept the new road unless a pedestrian overpass at Camaritas Drive is included in the plans.

Meanwhile, members of the Rancho Buri Buri Homeowners' Association are up in arms over a provision in the road plans which would allow cross streets on what was "formerly considered an expressway."

Mrs. Mary Ortner, an Arroyo Drive resident, said the original plans for the Westborough Boulevard extension indicated the new road would be an "expressway," and no access roads would be allowed.

City and county officials agreed to hold further meetings in an attempt to resolve their differences over the multi-million dollar project, and a "progress report" meeting is scheduled September 18.

Owners of the California Golf Club property appear to be at the center of the controversy.

The golf club owners are demanding severance payment for a "tie-in point" on their property for the proposed Camaritas overpass, and have also presumably requested access to the new road from their property.

Hold Line, Trustees Say

The tax rate of the 15-school Laguna Salada District in Pacifica will not be increased from last year's $3.5335.

Trustees of the district last night ordered administrators to stay within the $3.5335 limit.

John Munt, of the Laguna Salada District offices, said that the over-all budget will be "in the neighborhood" of $6,076,000 in the 9,800-pupil district.

Trustees recently also awarded an $82,272 contract for five re-locatable classroom units to Vinell Steel, an East Bay firm.

The East Bay firm was the lowest of four bidders.

Ring Stolen At Daly City

Mrs. Edna Stout, of 226 McDonald Avenue, has reported the theft of a large diamond ring to the Daly City Police Department.

The ring, of undisclosed value, has a large center diamond surrounded by 24 smaller diamonds, police said.

Spareribs Dinner On The Sunday Eve Agenda

MARY LOU FRANCIS: Please execuse your **BRIGHT LIGHTER'S** dining absence these past weeks. Due to a Nevada tour to gather data on out-of-town happenings, this lowly Scribe has missed his weekly spareribs date. However, Sunday is the day — and that's "no rib" . . . **VINCE "Frank Buck" LICATA** went hunting, last week up Healdsburg Way, and bagged himself a deer. Pictures of the "safari" are upcoming . . . Although the **BALKAN VILLAGE** is nationally famous for its entertainment, don't forget the superb dining. Donna Kebab, choice beef marinated and broiled on skewers, and Pastitso, meat baked in layers with macaroni, egg and cheese sauce, are some of the Middle Eastern dishes . . . Now celebrating its grand opening, **MIKE DAKIS' MEDITERRANEAN PIZZA PARLOR AND HOFBRAU,** located in the beautiful Crystal Springs Shopping Center, specializes in pizza, sandwiches, and imported and domestic beer. Take advantage of the "Two-for-one" coupon now being offered. . . .

Chef's Combination At El Patio Restaurant

DINNER SELECTIONS at Menlo Park's **EL PATIO MEXICAN** restaurant include a wide selection of enchilladas, pepper dishes, tacos, tostados and, of course, the Chef's Combination Plate . . . The swinging **TIGER GIRLS** in **BILL GILBERT'S TIGER** at the **HILTON INN,** San Francisco International Airport, report they're seeing more and more servicemen groovin' to the sounds of the Tiger's current attraction, **THE JOINT VENTURE.** No better Peninsula spot to fill up the hours of R & R — and most of the servicemen have been taking advantage of the Inn's special reduced weekend room rate, too . . . **ALICE BROWN,** the friendly hostess at **BERTOLUCCI'S** these past three years, previously worked at the Drake and Hilton Hotels in Chicago. Her position at the reservations desk every night enables her to keep the dining room operation directly under her guidance . . . **CLAUDE MURRAY,** veteran day plankman at Millbrae's **BLUE PEACOCK LOUNGE,** recently returned from a vacation trek to San Diego, where he visited his son and grandchildren.

Lamp Post Steak House Successful Operation

IF YOU'RE INTERESTED in visiting an outstanding restaurant operated by two young gents who rate magazine success stories, stop in **RAY BARTELS** and **LYLE BLAINE'S LAMP POST STEAK HOUSE** for a New York Steak or Spareribs dinner. Thirsty? Then quench your thirst at the **A AND W ROOT BEER** "spring," also a Bartels and Blaine operation, located just steps away . . . **JOHN SHIREMAN,** owner of San Mateo's **TURF AND PADDOCK CLUB,** definitely appreciates beauty. John's personal collection of nude paintings, which hang on the wall of his popular nitery, is usually the main topic of patron converation . . . Recently remodeled by owner **ART PETRI, JOE'S OF HILLSDALE** in the Hillsdale Shopping Center caters to all who are looking for a friendly cocktail lounge, good food in an elegant setting, and reasonable prices. Both luncheon and dinners are served, Monday through Saturday . . . The smooth dance sounds of the **SOUND 70** can be heard every night of the week at **SODINI'S LOUNGE** — the group appears "live" on Friday and Saturday nights, and the club's juke box plays their records.

Fred Hinrichs Plans A Lavish Reception

STEVEN ED WAXMAN and **LORRIE KESSLER** will wed this Sunday at "High Noon," which isn't unusual except the ceremony will take place at Millbrae's **THUNDERBOLT HOTEL.** Catering Manager **FRED HINRICHS** has nothing to do with performing the ceremony, but he did plan the lavish reception which will immediately follow the wedding . . . **JACK BRYCE,** a familiar name to the Peninsula dine-out clique, has packed his reservation book and moved into **A. SABELLA'S** on San Francisco's Fisherman's Wharf. Jack, assisting in the maitre d' capacity, will be happy to arrange your banquets and special parties, and take luncheon and dinner reservations . . . **DON DIANDA** is finding many Easterners who read of **DORSS** winning Holiday Magazine's Dining Distinction in San Francisco award lunching or dining at Doros. Many tell Don that Holiday "sure was right, too!" . . . .

Fireside "Classic Art" Attracts the Crowds

THE FIRESIDE COCKTAIL and "classic art" lounge continues to attract crowds of "girl lookers." With musical gyrations being performed by popular Bay Area groups, the array of talent — from a "Bedroom Model" to gun totin' Bonnie Parker, keeps the entertainment spark burning brightly . . . The top drawer entertainment at **NICK GUST'S** new, nautical **MOONRAKER,** a prestige restaurant and cocktail lounge in Pacifica, is professionally provided by **DON KELLY** at the Hammond organ. Talented Don, who formerly favored patrons of **NICK'S** (located just across the street from the new Moonraker) with musical requests, is appealing nightly to a large turn-out of diners . . . Blonde **RENEE BAURMANN** is the stunning new cocktail hostess in the lounge of South San Francisco's **NEW SOUTHERN** restaurant . . . **LEW LEHR** is highly complimented every time one **ANDY ANDERSON** dines in his steak house in San Francisco's Marina, which is frequently. Reason: Andy is rated as the finest cook in the San Francisco Fire Department.

☆ ☆ ☆

FELICITATIONS—A happy time was had Wednesday evening at Luz Garcia's Sinaloa when "Barb" and Jerry Barber, the Park Avenue Tour "biggies," hosted a birthday party for Jim Barber, Jerry's father.

☆ ☆ ☆

Finocchio Headliner's Eye-Poppin' Costume

THE NEW WARDROBE of comedianne **JACKIE PHILLIPS** at **FINOCCHIO'S** includes an eye-poppin' red sweater which buttons down the back all the way to the knees. Appearing four times nightly, Phillips is one of the funniest female impersonators ever seen in the show. One of the best known niteries in America, Finocchio's is a constant target for the visiting tourists . . . This had to happen sooner or later: A well-known Peninsula restaurant has posted the sign, "No Bare Feet Allowed" . . . **MRS. HELEN McDOUGALL** is the newest addition to Food and Beverage Manager **CLAUDE SCHROEDER'S** staff at the South San Francisco **HOLIDAY INN.** Helen is now the night hostess for both the Royal Hall dining room and the Holiday's bustling coffee shop . . . Downtown theater-goers are flocking to **PHIL LEHR'S STEAKERY** for their dinner before or after the theater. Reason: parking right at the Steakery door and no hassle after the theater to get your car.

New Oreste's Offers Tuscany-Style Food

SINCE THE FIRE damage, **ORESTE'S** kitchen has been completely remodeled. Master chef **JOE PICCININI** and his staff are eager to serve you the same fine Italian food prepared Tuscany-style, in the elegant atmosphere of the old Oreste's, and the brand new furnishings of the new Oreste's . . . Every Monday is "Family Day" at Hillsdale's **SIZZLER FAMILY STEAK HOUSE.** All day Monday, Manager **HAL UNGER** features the Sizzler's famous Top Sirloin Steak for an astounding 99 cents. Don't overlook their other daily specials . . . "In residence" at the **VILLA HOTEL,** of late, developer and Vice President - General Manager **BRADFORD G. BARUH** with his family, "Brad," as he is known by many, is living close to his wonderful project, **ABC MARINE WORLD,** during its premiere weeks . . . The warm, informal song delivery of **GAIL MARTIN,** the beautiful 23-year-old daughter of Dean Martin who is currently appearing at **BIMBO'S 365 THEATER RESTAURANT,** along with comedian **TAF ARNOLD,** is considered a major star of tomorrow.

Navy Captain Will Speak

Commander Lloyd Hoover, U.S. Navy, Executive Officer of the USS Oriskany, an attack aircraft carrier, will be the featured speaker at the Daly City Rotary Club Wednesday, August 13 at noon at International Joe's.

Hoover, who graduated with the class of 1949 from the Naval Academy will speak not only on operations in Southeast Asia, but will also explain some of the changes that have been made to the "Mighty O" during the nine month overhaul period at San Francisco Bay Naval Shipyard.

Commander Hoover, who was recently selected for promotion to the rank of Captain, has previously served as Commanding Officer of an attack squadron operating from the USS Constellation and as a Navy test pilot for three years.

Jim Grealish is program chairman for the day.

JIM SMITH, 18 Alviso Court, Pacifica, a claims supervisor with Allstate Insurance Company, recently was awarded the Allstate Insurance Company's most outstanding employee trophy. This recognition is presented to the employee who shows dedication to the company and its customers, performs error free work and has a willingness to assist other employees.

WE'RE SEARCHING
THE SAN MATEO AREA FOR A MAN

Frankly, it may take months to find him. But we're willing to wait — the opportunity is that important.

Here's a quick "profile" of the person we're looking for. Chances are he's a young man. Education — college or equivalent. In all likelihood, he's now in a junior executive position — well-liked, making good progress. But he has a problem. He knows he's capable of doing better — feels "trapped" by a salary structure which is good, but not good enough.

If you fit this general description, we'd be happy to talk to you about this salaried opening in our organization. It may require several interviews — will certainly require exhaustive tests. But should you turn out to be the man we are looking for — we can promise it will be well worth your time and trouble.

To pursue the matter further, write us a letter outlining your business experience, age, marital status. (If you prefer, phone Mr. Fortenberry, 692-3054, Tuesday through Thursday, 9 a.m.-12 noon).
